HISTORY.—The Chicago St. Paul & Kansas City was organized in May, 1886, and in December, 1887, merged with Minnesota & Northwestern. In August, 1892, reorganized per plan, Vol. 55, p. 856.

On Sept. 7, 1893, the Great Western acquired by deed the title of the Chicago St. Paul & Kansas City Ry. (815·67 miles). In June, 1902, the old mortgages were satisfied of record. V. 74, p. 726. As to 7-year contracts made in 1902 with packing companies, see V. 75, p. 341.

SECURITIES.—The holders of *debenture* and *preferred A* stock appoint the finance committee, which exercises general supervision of finances. Additional securities of said issues can be put out, but only with consent of a majority of both said classes of stock present at a meeting. Securities of other issues having a lien prior to preferred A can be created, but only with consent of two-thirds of both classes. The several classes in case of liquidation will have principal paid in gold, according to their priority right to dividends. At extraordinary general meetings of holders of debenture stock and preferred A stock collectively, holders of *one-tenth* of said stocks outstanding, present or represented, constitute a quorum and by a majority vote have power to sanction any modification of the rights of said stocks. The provisions of the several classes of stock were fully set forth in the editorial article of the SUPPLEMENT for October, 1897; see also V. 71, p. 441.

In 1898 the authorized issue of 4 p. c. debenture stock was increased from $15,000,000 to $30,000,000 for future refunding and improvements. See Finances below. V. 66, p. 133, 663, 1088.

In Nov., 1902, $6,500,000 common stock was issued to purchase the outstanding stock of the Mason City & Ft. Dodge *RR.*, Manly Jct. to Ft. Dodge, Ia., and branches, 130 miles; Mason City & Ft. Dodge *Ry.*, Hayfield, Minn., to Manly Jct., Ia.; Oelwein, Ia., to Hampton, Ia., 121 miles, and balance of stock of Wisconsin Minnesota & Pacific RR., 272 miles. V. 75, p. 1201. The stockholders voted on Feb. 18, 1903, to increase the common stock from $30,000,000 to $50,000,000, a portion of the new stock to be used to complete the purchase of the above-named roads.—(V. 75, p. 1201, 1253)

DIVIDENDS.—On pref. "A" paid Jan., 1899, 2 p.c.; in July, 1899 2 p. c.; in 1900, 5 p. c.; in 1901, 5 p. c.; 1902, 5 p. c.; 1903, Feb., 2½ p. c.

FINANCES.—On March 17, 1902, $3,437,000 additional debenture stock was authorized; also the sale of two branches from Hayfield, Minn., to Manly Jct., Ia., 49 miles, and from Waverly, Ia., to Hampton, 42 miles, to the Mason City & Fort Dodge RR. for $1,386,000 of first mortgage 4 per cent gold bonds of latter; V. 74, p. 726; V. 75, p. 559, 665. In 1903, $2,000,000 five-year 5 p. c. notes were issued. See V. 76, p. 809.

Early in 1901 Vermilye & Co. became the fiscal agents of the company, their Mr. Read entering the directory. See V. 72, p. 580.

In Apr., 1901, a syndicate acquired all the stock and bonds of the Mason City & Fort Dodge RR., Mason City to Fort Dodge, Ia., 92 miles, the purchase including coal fields near Ft. Dodge, and arranged to extend the road from Manly Junction to Mason City, 12 miles, and Hampton to Clarion, 30 m. (both completed), to connect with the C. Gt. W., and also to build southwesterly to Omaha, and westerly to Sioux City, a total of about 250 miles. In March, 1902, it was arranged to transfer to the Mason City & Ft. Dodge *Railway* two branches, aggregating 91 miles (see above), which will extend the lines of the Mason City & Ft. D. easterly to the C. G. W. main line.

Wisconsin Minnesota & Pacific RR., Red Wing, Minn., to Mankato, 94 miles, in 1901 purchased Duluth Red Wing & So. and the Winona & Western, making 246 miles then owned, and arranged to build a 27-mile connecting link. Both of the roads are operated for 100 years under agreements dated Apr. 1, 1901, the Chic. Gt. West. to receive their entire net earnings above interest on bonds and own their entire stocks. V. 71, p. 1219, 1311; V. 72, p. 44, 136, 241, 532, 627; V. 73, p. 398. In 1901 an interest in the stock of the Lehigh V. RR. was purchased. V. 73, p. 391.

COAL AND STEAMBOAT PROPERTY.—The *Erie* coal properties represent an aggregate of 10,500 acres of anthracite, of which about 9,000 acres are held in fee; also 53,000 acres of bituminous coal lands held in fee 14,000 acres of bituminous held under mineral rights. Its coal tonnage in the year 1901-02 aggregated 12,411,078, out of the 27,697,159 tons hauled. The Union Steamboat Line (merged in Erie RR. Co. June 30, 1896), has terminal, etc., properties in Buffalo and 8 lake steamers. See V. 63, p. 514. The *Penn.* coal properties acquired in 1901 are additional. See above.

STOCK.—The *stock* is to be held by J. Pierpont Morgan, Louis Fitzgerald and Charles Tennant, Bart., voting trustees, for five years, and thereafter until the new first preferred stock shall have received 4 per cent cash dividend in one year. The new company reserves the right to redeem either class of its preferred stock at par in cash. Provisions of voting trust and preferred stock certificate were given in SUPPLEMENT of April, 1897, page 3.

In Mar., 1898, Erie 1st pref. stock was increased from $30,000,000 to $43,000,000, and common stock from $100,000000 to $113,000,000, to acquire New York Susq. & Western stock.—See V. 66, p. 335, 573. The 1st pref. stock was further increased in 1901 $5,000,000 in connection with the purchase of the Pennsylvania Coal Co. V. 72, p. 136, 532.

DIVIDENDS.—First semi-annual dividend on 1st pref., 1½ p. c. was paid Aug. 30, 1901; in 1902, 3 p. c. (F. & A.); in 1903, Feb., 1½ p. c.

BONDS.—The new first consolidated mortgage is for $175,000,000 [Farmers' Loan & Trust Co. trustee]—see **abstract** of deed V. 62, p. 89, and secures $35,000,000 prior lien and $140,000,000 general lien bonds.

Of the $140,000,000 *general lien bonds*, $92,073,000 are reserved for the ultimate acquisition of bonds and guaranteed stocks left undisturbed on various parts of the system [see list V. 62, p. 89], and $17,000,000 were reserved for new construction, betterments, additions, etc., after 1897, under carefully guarded restrictions, not over $1,000,000 to be used in any one year.

The position of the first consolidated mortgage is substantially as follows: It is a first lien [mortgage or collateral, the prior lien bonds, however, preceding the general lien bonds] upon the company's chief coal properties (except Penn. Coal Co.) upon its water transportation lines, including valuable terminal properties appurtenant thereto, and upon a number of profitable local lines in New Jersey and near Buffalo; it is a *second lien* upon certain minor coal properties and upon the railroads leading to all the coal properties, upon the terminals at Jersey City, upon the Buffalo New York & Erie Railroad (the main line to Buffalo) and the Buffalo terminal properties other than those upon which it is first lien, and upon the entire line from Salamanca to Chicago; it is a *second consolidated mortgage* upon the lines between Piermont and Dunkirk (447 miles.)

The collateral trust 4s of 1901 are secured by 51 per cent of the entire New York Susquehanna & Western stock ($26,000,000 total issue), all of the Pennsylvania Coal Co. stock, and the stock of the Erie & Wyoming Valley RR., Scranton, Pa., to Lackawaxen, 65 miles, and the Delaware Valley & Kingston RR. Of the bonds $32,000,000 were issued to acquire these stocks (excepting the N. Y., Susq. & Western, already owned), the remaining $4,000,000 being reserved for improvements to the properties represented by the stocks acquired. A sinking fund of 10 cents per ton of coal sold purchases bonds at not exceeding 105, otherwise to be applied to the drawing of bonds by lot, all such bonds to be kept alive and the accruing interest thereon to be added to the sinking fund, which, it was estimated, will be sufficient to retire the whole issue at or before maturity. V. 71, p. 1219, 1311; V. 72, p. 44, and circular, p. 136, 532 257. In 1901-2 $222,000 of the amount shown above as outstanding was purchased by the sinking fund.

The convertible 4s of 1903 ($50,000,000 authorized issue) will be issued from time to time as required and may be made convertible into common stock at a price to be fixed when the bonds are issued, but not less than $41⅝ per share; they will cover all the company's property subject to underlying liens. The first issue of $10,000,000 for improvements and equipment is convertible on the basis of $100 bonds for $200 stock after April 1, 1905, and before April 1, 1915. V. 76, p. 382, 541.

Real estate mortgages outstanding June, 30, 1902, $763,325.

Old Bonds—Under the first consol. mortgage of 1895 the company covenants to pay the interest regularly on all the old bonds in the table that are marked with a * or a ‡ (except N. J. & N. Y. bonds,) and to take them up and pledge them with the trustee at maturity.

Long Dock 6s see March, 1894, SUPPLEMENT under N. Y. L. E. & W. For *N. Y. Lake Erie & W. Coal & RR.*, see SUP. January, 1895.

FIXED CHARGES.—The fixed charges of the System were reduced by the reorganization from $9,400,000 to $7,860,000 per annum.

FINANCES.—In 1901-02 $2,931,000 general lien bonds were issued for construction, etc. V. 71, p. 754, 1219. The first dividend on first preferred was declared in July, 1901. See above and V. 73, p. 137.

In Mar. 1903, stockholders were offered the right to subscribe pro rata at 87½ and interest to $10,000,000 convertible 4 per cent bonds, issued for improvements and equipment, payment to be made by May 1, 1903. V. 76, p. 382, 541.

Missouri Pacific Ry.—*(See Map.)*—Operates an important system extending westerly and southwesterly from St. Louis, Mo., including main lines from St. Louis to Omaha, Neb., 495 miles, and from Kansas City to Denver, Col., 758 miles, with many branches in Kansas, etc. Through the St. Louis Iron Mt. & Southern, which it controls, connection is had with Texas and the lines of the Texas & Pacific, International & Great Northern and the St. Louis Southwestern, the whole forming what is known as the "Gould System," in which the heirs of Jay Gould are largely interested (see list of Mr. Jay Gould's holdings, V. 60, p. 83.) The Mo. Pac. property includes:

Also owns all capital stock of Central Branch Union Pac., etc., 388 m.; St. Louis Iron Mountain & Southern and leased lines, 1,773 miles. Grand total Missouri Pacific mileage Jan. 1, 1903, 5,651 miles.

Early in 1901 a large interest was acquired in the Denver & Rio Grande RR. and so in the Rio Grande Western Ry., extending the system as far west as Ogden, Utah. The Gould and Rockefeller holdings in the Denver & Rio Grande are together understood to constitute a large majority of the entire capital stock.

In 1901 the Little Rock & Hot Springs Western RR., Little Rock to Hot Springs, Ark., 57 miles, was acquired. As to St. Louis Iron Mt. & Southern acquisitions, see statement for that company following.

ORGANIZATION, LEASES, &C.—The Pacific RR. of Missouri was sold in foreclosure September 6, 1876. The present company was a consolidation in August, 1880, embracing the Missouri Pacific and minor roads. The bonds of the proprietary lines are practically all pledged to secure Mo. Pacific loans. The Iron Mountain stock is mostly owned by the Missouri Pacific. Control of the International & Great Northern was secured in 1892 and of Central Br. U. P. in 1898-99.—See V. 68, p. 329, 520. As to Texas & Pac., see below.

STOCK.—In July, 1901, the authorized capital stock was increased from $70,000,000 to $100,000,000. The amount outstanding on Dec. 31, 1900, was $50,432,150; this was increased to $76,402,875 in 1901 by the conversion of $11,218,000 collateral trust bonds and by issue of $2,983,500 for purchase of entire stock, and $2,983,500 "B" bonds of K. C. History, &c.—Control of the Lake Shore and Michigan Central roads was acquired in 1898, as stated below. Their earnings are reported separately, but the dividends on their shares held by the Central are included in the item "other income," offset by a like amount of interest on the collateral bonds issued for their purchase. V. 71, p. 502.

In Jan., 1900, control of the Lake Erie & Western was acquired, also a large interest in the Cleve. Cin. Chic. & St. Louis, increasing the Vanderbilt interest in the latter to an absolute majority. The Central has since transferred its holdings in these companies to the Lake Shore, which see. In 1900, also, an understanding was reached between the Vanderbilt and the Pennsylvania interests, by which the latter be-

BONDS.—Description of debentures was on page 3 of SUPPLEMENT of April, 1895. They are all secured by the refunding mortgage of 1897 equally with the 3½s. *Ref. mortgage* is for $100,000,000, of which $70,377,333 reserved to retire all existing bonds at or before maturity and $14,622,667 for premiums; the remainder ($15,000,000) is reserved for new construction after 1903. In 1903 3½s of 1897 had been issued to retire about $56,000,000 of old bonds.

Collateral trust 3½s of 1898 are secured respectively by deposit in trust with the Guaranty Trust Co., mortgage trustee, of stock of the Lake Shore & Michigan Southern and Michigan Central RRs. at the rate of $100 of L. S. & M. S. stock for each $200 of bonds and $100 of Mich. Cent. stock for each $115 of bonds outstanding. The total authorized issues of 3½s are $100,000,000 for Lake Shore and $21,550,000 for Michigan Central. The loans are secured by separate deeds of trust. See V. 66, p. 288, 336, 760, 811.

The N. Y. Cent. issued in 1900 $5,500,000 of 100-year 3½ per cent debentures for certain property not included in the Boston & Albany lease. See V. 69, p. 1102; V. 71, p. 502, 964.

GUARANTIES.—The company guarantees the securities of its leased lines to a considerable aggregate—see separate statement for each company marked with a ¶ in the table of mileage preceding. It also guarantees Western Transit Co. 4½s for $1,000,000 due February, 1903.

GENERAL FINANCES.—The refunding of the $70,377,000 of old high-interest-bearing bonds into the 3½s of 1897 during the years 1898 to 1905 will effect a very large annual saving in interest charges; to Jan., 1903, about $56,000,000 old bonds had thus been retired; annual saving in interest charges by refunding to Jan., 1903, about $1,325,000. V. 75, p. 1148; V. 76, p. 159.

In July, 1901, the company had acquired $45,289,200 of the capital stock of the Lake Shore road in exchange for 3½ p.c. bonds (see above), leaving $4,177,300 afloat, including $533,500 guaranteed 10 per cent dividends (see V. 66, p. 288, 336, 1238), and also $16,814,300 of Mich. Central stock, leaving $1,883,600 still outstanding.

In April, 1900, $15,000,000 stock was issued at par to provide new rolling stock, and on Apr. 16, 1902, the stockholders voted to increase the stock from $115,000,000 to $150,000,000, $16,912,900 of the new stock being subscribed for by stockholders pro rata at $125 per share. V. 74, p. 151. A portion of the proceeds will be used for the substitution of electricity for steam on New York suburban division and New York terminal improvements, estimated to cost $20,000,000, to be completed about 1906. (V. 74, p. 151, 776; V. 75, p. 240, 290, 550, 1203, 1254; V. 76, p. 266, 331.)

In 1902 control or virtual control of the Reading Co. was acquired by the Baltimore & Ohio (Pennsylvania interests), who later agreed to share the same with the Vanderbilt interests, the purchase by the latter being made through the Lake Shore & Michigan Southern. V. 76, p. 101.

Average train load for entire system, including company's freight, was 387 tons in 1901-02, against 392 tons in 1900-01.

EARNINGS.—For 9 mos ending Mar 31, 1903, gross, $57,602,664: against $53,248,728 in 1901-2. For 6 mos. ending Dec. 31 were:

Dividends of 2½ per cent called for $3,297,907 in 1902, against $2,875,000 in 1901.

ANNUAL REPORT.—Fiscal year ends June 30. Report for 1901-02 was given at length in V. 75, p. 727, 737. See also editorial p. 704. Of the freight (35,599,689 tons) carried in 1901-02, about 33 p. c. was coal and coke.

Bonds.—The first consolidated mortgage of 1896 is limited to $62,500,000, of which an amount equal to the underlying bonds can be issued only on the retirement of the same. On June 30, 1902, the balance unissued ($28,289,500) was reserved as follows: To retire $19,889,000 outstanding prior lien bonds, $22,098,889; for new construction, acquisitions and improvements, not exceeding $1,000,000 yearly, $2,690,611; and $3,500,000 additional for similar purposes. The right to issue prior lien bonds has been annulled. V. 73, p. 502; V. 74, p. 151; V. 75, p, 505.

The 4 *per cent first consols* are a first mortgage on a large part of the system, viz., about 846 miles of railroad; upon important terminals at Norfolk and Lamberts Point; upon the Ohio River Bridge and the Roanoke Machine Works; besides being a consolidated mortgage upon the remainder of the system, subject to the undisturbed liens. They are further secured by the equipment, certified to have cost over $11,000,000, covered by the car trusts and equipment bonds taken up under the plan. See **abstract** in V. 64, p. **376**. V. 72, p. 137, 438, 532, 723, 1080; V. 75, p. 505.

The N. & W.-Pocahontas joint bonds are secured by about 295,000 acres of coal lands owned and held by the Pocahontas Coal & Coke Co., whose stock is owned, of which about 50,000 acres have been leased to companies whose stock is all owned by the United States Steel Corporation and 39,797 to other concerns, the royalties under such leases alone being shortly expected to be sufficient to almost meet the fixed charges. They are subject to call at 105, beginning 1906, for a sinking fund of 2½ cents per ton mined. V. 73, p. 845, 902; V. 74, p. 41, 380, 1197; V. 75, p 502. These bonds are the joint and several obligations of the Railway Company and of the Coal & Coke Co.

The equipment trusts of 1902 ($3,500,000) were issued on new equipment costing $5,000,000. V. 74, p. 681; V. 75, p. 502.

For description of funded debt, see V. 75, p. 504.

General Finances.—The reorganization reduced the fixed charges from $3,214,037 to $2,218,450, a reduction of $995,587, making the annual charges ahead of the new common stock smaller than those ahead of the old preferred stock. Of the traffic in 1901-1902 58 per cent (7,056,721 tons) was bituminous coal and coke.

As to Pocahontas bonds of 1901, see above. Dividends on the common stock were begun in June, 1901. V. 72, p. 873.

V. 70, p. 1250; V. 71, p. 1167. The lands included in the grant of the former St. Paul & Duluth are estimated to be worth about $4,000,000, and were not covered by the old mortgages. They are to be sold and proceeds applied to purchase of the bonds at not over 105 and interest, or if not purchasable at that price, then to betterments, improvements or additions to the mortgaged premises or equipment therefor. See circular, V. 72, p. 871, 1034, 1135; application to list, V. 73, p. 294; V. 73, p. 610.

Northern Pacific Terminal Company, of Oregon.—Owns terminals on the Willamette River, Ore., at Portland, East Portland and Albina, comprising lands 270 acres, trackage 32 miles, dock frontage 7,904 feet. Station at Portland, Ore., opened 1896. V. 69, p. 230, 441.

LEASE.—Leased for fifty years from Jan. 1, 1883, jointly and severally to Northern Pacific, Oregon Ry. & Navigation and Oregon & California, with guaranteed rental to pay interest, sinking fund and taxes; leases assumed in 1899 by new Nor. Pac. and Or. RR. & Nav. V. 69, p. 230.

STOCK.—Stock ($3,000,000) owned by said three companies (40 p.c.) by Oregon Ry. & Nav. Co., 40 per cent by No. Pacific and 20 per cent by Oregon & Cal. RR.), and held by Central Trust Co. of New York, to be delivered after payments to the sink. fund, which is to cancel the bonds.

BONDS.—The first mortgage is for $5,000,000; in 1902 $4,120,000 had been issued, of which $428,000 retired by sinking fund, drawings at 110 and interest. V. 75, p. 135, 849; V. 76, p. 159.

Northern Securities Co—Incorporated on Nov. 13, 1901, per plan for harmonizing the interests of the Northwestern roads. See V. 73, p. 1011, 1062 and 1357. In April, 1903, the U. (See V. 76, p. 102.)

DIVIDENDS.—Dividends, 1 p. c., paid Feb. 1, 1902; May 1, 1 p. c.; Aug., 1 p. c.; Nov., 1 p. c.; in 1903, Feb., 1½ p. c. V. 76, p. 213.

GENERAL FINANCES.—In 1901 the authorized capital stock was increased by $100,000,000 to $251,700,000; $50,500,800 thereof being subscribed for by stockholders at $60 per $50 share, raising the amt. outstanding to $202,200,800. V. 72, p. 392, 533, 627, 1238, 1280.

The stockholders voted on March 10, 1903, to authorize an increase in the stock from $251,700,000 to $400,000,000, to be made from time to time in the discretion of the directors, $50,000,000 of the increase, if deemed advisable, to be issued in convertible bonds. Of the stock about $21,400,000 was issuable April, 1903, in exchange for convertible debentures. (See below.) Stockholders of record May 9 are offered right to subscribe to about $75,000,000 new stock (in the proportion of one-third of their holdings), at $60 per $50 share, payable $30 between June 15 and June 27, 1903, inclusive (or optionally in full at that time), $15 between October 15 and 26, 1903, inclusive, and $15 between June 15 and 25, inclusive. The new stock certificates will be issued on Aug. 25, 1903, or Aug. 20, 1904. This will raise the amount outstanding to about $301,000,000. The right to subscribe expires on June 27. V. 76, p. 383, 488, 594 706.

In 1902 were issued $50,000,000 10-year 3½% gold bonds, dated Nov, 1, 1902, of which about $30,000,000 were converted in Apr., 1903, into stock at $70 per share, and balance are convertible at option of holder into stock at $70 per share on May 1, 1904, or any subsequent interest day, on 30 days' notice; they may be called for redemption at 102½ and interest on any interest day beginning May 1, 1904, but if called may be converted on basis above stated. See V. 74, p. 577.

Completion of the work, estimated to cost about $40,000,000, will take several years. The tunnel will afford entrance into New York City for the Pennsylvania Railroad and Long Island RR and enable the sending of through trains by rail direct from the South and West to all points in New England via the bridge from Mott Haven to Long Island, which is to be built by the New York Connecting RR.; see V. 71, p. 913; V. 72, p. 1280; V. 73, p. 1264; V. 74, p. 38, 478, 831, 884, 1308; V. 75, p. 1203, 1302, 1355.

The loan of $40,000,000 at 4½ p. c. due July, 1903, will be paid from the proceeds of the June instalment on the new stock. V. 76, p. 811.

As to extensions and improvements proposed in Jan., 1903, see V. 76, p. 487, 488, 594.

From the company's docks at the extensive terminal at Port Richmond it operates a line of steamers and barges in coastwise coal traffic and provides berths with elevators and ample accommodations for several trans-Atlantic steamship lines. In Jan., 1901, control of the Central RR. of New Jersey was acquired. V. 72, p. 86, 340, 392, 676; V. 73, p. 847.

STOCK OWNERSHIP. The Baltimore & Ohio and the Lake Shore & Michigan Southern are jointly in virtual control, having acquired in 1902-03 over $60,000,000 of the $140,000,000 stock, consisting largely of preferred stock. V. 76, p. 102.

VOTING TRUST, ETC.—All classes of stock of the new company are to be held by voting trustees (J. Pierpont Morgan, Frederic P. Olcott and C. S. W. Packard) for five years, and thereafter until 4 p. c. cash dividend per annum shall be paid on the first preferred stock for two consecutive years, though the trustees may in their discretion surrender the stock at an earlier date. The company may, after dividends of 4% have been paid on the first preferred for two consecutive years, convert the second preferred stock into one-half first preferred and one-half common stock. As to rights, see V. 64, p. 709. **Voting trust**, V. 64, p. 955, and SUP. of April, 1897, page 5.

ORGANIZATION.—The Philadelphia & Reading RR. (chartered April 4, 1833) and the P. & R. Coal & Iron Co. were sold in foreclosure Sept. 23,'96, and reorganized per plan in V. 61, p. 1109. See V. 64, p. 709. In the reorganization the 41 millions of old stock and the 56¾ millions of old preference income bonds were assessed 20 per cent, the stock then receiving 100 per cent in new common and the preference incomes, common and preferred stock in certain proportions.

In Nov., 1900, a majority of Pacific Mail SS stock ($10,005,000) was acquired. V. 71, p. 1013, 1312.

PROPRIETARY LINES.—These, with a total mortgage indebtedness June 30, 1902, of $305,976,670, are mostly owned—only $11,156,900 out of their total stock of $303,924,572 not being held on July 1, 1902, by the Southern Pacific Co. "OMNIBUS LEASE," see SUP'T of Jan., 1899.

STOCK, ETC.—Total stock authorized, $200,000,000, including $67,275,500 exchanged in 1899 for Central Pacific stock—see Central Pacific and V. 68, p. 378, 725; V. 69, p. 132; V. 70, p. 740.

BONDS.—The 4 per cent collateral trust gold bonds of 1899 are limited to $36,819,000, and are subject to call at par on six months' notice. The first issue of $28,818,500, secured by the $67,274,200 common and $12,000,000 preferred stock of the Central Pacific, was issuable forthwith. The remaining $8,000,000 can be issued from time to time only as an equal amount of Central Pacific preferred is received and added to the collateral, $5,000,000 of this stock being reserved for improvements and additions on the Cent. Pac. at not exceeding $200,000 yearly—see Cent. Pac. and V. 68, p. 378. See Mortgage Abstract, V. 69, p. 859.

The two-five-years collateral trust 4½s of 1900, limited to $30,000,000 (present issue, $15,000,000), are secured by deposit of $7,174,000 par value of various bonds and $59,487,000 stocks of companies controlled, including Pacific Mail etc., and $1,530,000 Wells, Fargo & Co. stock; other $15,000,000 is issuable against the deposit of additional stocks and bonds of companies controlled or acquired up to 90 per cent of the actual cost thereof. See Mortgage Abstract, V. 71, p. 1314.

The first refunding 4s and 30-year gold 3½s issued by the Central Pacific are unconditionally guaranteed, principal and interest.

In Jan., 1903, a plan for the issuance of long-term low-rate refunding bonds was in abeyance. V. 74, p. 269; V. 75, p. 395.

Southern Pacific RR.—*(See Maps.)*—ROAD.—Owns all the California lines of the Southern Pacific system except the Central Pacific and the South Pacific Coast. The road owned aggregates about 3,260 miles, embracing a through line from east bank of Rio Grande River through New Mexico and Arizona, via Los Angeles, San Francisco and Oakland, to Tehama in No. California, with numerous branches. Of the lines owned and leased in 1902 (7 miles are leased), 3,018 were operated in the Southern Pacific system, 242 miles (Mojave to The Needles) being held under long lease by Atchison in exchange for leases of 350 miles of roads in New Mexico and Arizona. V. 65, p. 931, and Atch. T. & S. F. item, p. 1113; see V. 64, p. 609. The construction of 55 miles from Ellwood, Col., to Surf opened in Mar., 1901, furnishes coast line from Los Angeles to San Francisco. V. 68, p. 617; V. 72, p. 582.

ORGANIZATION.—Incorporated on March 7, 1902, as a consolidation of the So. Pac. RR. companies of Cal., Ariz. and New Mexico. V. 74, p. 578. The Southern Pac. RR. of Cal. was leased to Southern Pac. Co. for fixed charges, betterments and additions and a certain percentage of the surplus income under the "omnibus lease."

STOCK.—So. Pac. *Co.* June 30, 1902, held $100,640,133 of the stock.

BONDS.—*Consolidated Mortgage* of Sept., 1893, (see full abstract V. 57, p. 1041), provides for all prior liens and new construction. Bonds may be issued not exceeding $30,000 per mile, of which $7,500 a mile is reserved for additions and betterments. See V. 57, p. 469. This mortgage in January, 1899, covered 1,982 miles, of which it is an absolute 1st lien on 724 miles. The supplemental mortgage issued in 1898 limits this loan to $30,000,000, (exclusive of bonds to be issued against underlying securities). Most of the consols are stamped subject to call at 107½ after 1905 as shown in table above. V. 67, p. 1111.

LAND GRANT.—The land grant was 12,840 acres per mile, and proceeds of sales go to retire bonds, but a large proportion of the lands barren and useless for agricultural purposes without irrigation. In 1901-2

In Jan., 1902, 50,000 acres of coal lands were leased on a royalty basis by constituent companies from the Pocahontas Coal & Coke Co.; on these will be erected at least 3,000 modern coke ovens, with a capacity of at least 1,500,000 tons of coke. BONDS.—The collateral trust 5 per cent bonds of 1901 were secured by all the securities owned; $154,000,000 only (series A, C and E) are subject to call in whole or part at 115 per cent after Apr. 1, 1911; a sinking fund of $3,040,000 yearly, beginning June 1, 1902, can purchase bonds if obtainable at not exceeding 115 and interest, and after April 1, 1911, may be applied to the redemption of series A, C and E bonds to be drawn by lot.

In April, 1903, was proceeding with the plan (see V. 74, p. 733, 892, 991, 1359; V. 76, p. 545,) for issuing $250,000,000 5 per cent 2d mort. collateral trust bonds for the retirement of $200,000,000 pref. stock and raising $50,000,000 additional capital for the corporation and its subsidiary companies, to be used as follows: For the purpose of harmonizing and in some cases modernizing the plants, $25,000,000; to pay for additions made during the preceding year, $15,000,000, and for purchase money obligations incurred for properties acquired shortly after organization (in 1901), $10,000,000. The preferred stockholders of record March 16, 1903, are offered the right to May 16 to subscribe pro rata for the new bonds at par, giving in exchange $200,000,000 of the pref. stock and $50,000,000 in cash. A syndicate underwrites $100,000,000. The plan, it is calculated, will effect a net reduction of $1,500,000 yearly in the charges ahead of the common stock, and with the expenditure of $36,000,000 on the property it is claimed will permit an increase of 2,700,000 tons yearly in "all products" (including those consumed by the company itself) and an increase in earnings from the increased output of $7,000,000 and from reduction in cost of production of $5,000,000—total, $12,000,000 yearly. V. 76, p. 545. V. 76, p. 334, 439.

The collateral trust second mortgage 5s of 1903 to be issued as above (V. 74, p. 584, 733, 892; V. 76, p. 545,) will be next in rank and similar in form to the 5s of 1901. They will be subject to call after ten years from date at 110 and interest in whole or part (if the latter to be designated by lot and coupon bonds to be redeemed first). An annual sinking fund of $1,010,000 will provide for retirement of the bonds. No foreclosure proceedings can be brought for default [in payment of principal or interest continuing] for less than two years

NOTICE OF CHANGE OF DATE IN PUBLICATION.

After the present year, the STATE AND CITY SUPPLEMENT will be issued in May and November, instead of in April and October. The reason for the change is that experience has shown that April is too early to have all the new legislative enactments, many of the legislatures being still in session when the April number of the SUPPLEMENT is issued. By advancing the date to May this objection will be in large measure removed.

NEED OF A NEW METHOD FOR AMENDING THE SAVINGS BANK INVESTMENT LAW.

Just about a year ago in the columns of the CHRONICLE (issue of April 12 1902) we pointed out certain defects in the present method of extending the list of securities in which the savings institutions of this State are allowed to invest their funds. The matter is again brought forcibly to notice by a letter received by us last week from one of the officials of a prosperous town in Massachusetts whose securities are not in the permissible list, and also by the introduction of bills at this year's session of the Legislature at Albany proposing amendments in the same way as in the past, that is by the addition of specifically named securities.

We showed in our article of last year how the list of legal investments had been enlarged from time to time and broadened in scope, and also showed how imperative has been the need for very extensive new additions. The lapse of another year makes the argument in that respect all the more convincing. Between January 1 1893 and January 1 1898 the aggregate resources of the savings banks of this State increased from $718,454,662 to $869,751,244. In the five years since then the amount has risen to $1,191,330,573. It will be seen that for the ten years there has been an expansion of nearly 473 million dollars. It was not till 1898 that the banks were given authority to invest in railroad mortgage securities. The original privilege granted was a narrow one, but has been greatly enlarged since then—in fact some new admissions have been granted in nearly every year since.

The additions to the list, however—and that has been the unfortunate and the objectionable feature—have all been made, at least in the case of railroads outside of the State, by specifying by name the roads which in the view of the legislator contain the essentials calculated to make their securities safe lodgment for the funds of savings institutions. Such a method of selection is necessarily piecemeal and haphazard. It admits the securities of one road and leaves out the securities of another possessing perhaps equal merit, but which has been overlooked or has had no friends to advance its claims. As a result of this species of legislation a permissible body of investments has been built up, which while on the whole of a high grade yet contains securities differing widely in some respects, and which conform to no definite or uniform standard. It also comprises anomalies, such as the inclusion of such a minor road as the Fonda Johnstown & Gloversville in the list. Another argument against the retention of this old method is that it always leaves those proposing any additions open to the imputation that they have some interested purpose to serve when they may be solely animated by a desire to facilitate the work of savings bank officials in obtaining desirable classes of securities. Still another objection is that before admission can be gained to the list it is necessary to enlist the support of some legislator—a Senator or an Assemblyman—make him acquainted with the merits of the security in question and then get enough other Senators and Assemblymen interested in the proposition to push it along and insure success for it.

The law remaining as it is, it is not surprising that bills should have been introduced at this year's session giving legislative sanction to some more railroad bonds, but always by the same plan. One of these bills, should it become a law, will add the mortgage bonds of the Chicago St. Paul Minneapolis & Omaha Railway Company to the list of bonded obligations in which banks are authorized to invest. The St. Paul & Omaha Railroad is a prosperous concern, paying dividends on both classes of stock, with a large yearly surplus in excess of the dividend requirements, and there is no reason whatever why a bank should not be

allowed to buy its bonds. But why persist in the old method? Why not set up certain general requirements and restrictions, and let all roads come in that fall within the limits so defined?

The argument applies with equal if not greater force to the list of municipal investments allowed the savings institutions. It may be recalled that it was more particularly this feature of the law which gave rise to such active discussion a year ago. In other words, much bitterness of feeling was aroused at that time by the passage of an Act adding the bonds of Los Angeles, Cal., to the list. Governor Odell, after hearing arguments pro and con, finally gave his approval to the measure, and no ill result has followed from the inclusion of those particular bonds. The fact is, however, that the method of specifying by name is as objectionable here as in the case of the railroad investments. Outside of New York the municipalities whose securities may be purchased are all separately specified. There is no general rule giving admission to all of like merit and like characteristics. As it happens, too, in this case the list has been scarcely enlarged at all in recent years. Los Angeles, brought within the fold last year, was the first accession since 1897, when Holyoke, Mass., and Camden, N. J., were added. This list as it now stands includes Boston, Worcester, Cambridge, Lowell, Fall River, Springfield and Holyoke, in Mass.; Providence, R I; New Haven and Hartford, Conn.; Portland, Me.; Paterson, Trenton, Newark and Camden, N. J.; Philadelphia, Pittsburgh, Allegheny, Reading and Scranton, Pa.; Baltimore, Md.; Louisville, Ky.; Cleveland, Cincinnati and Toledo, Ohio; Detroit and Grand Rapids, Mich.; St. Louis, Mo.; Minneapolis and St. Paul, Minn.; Des Moines, Iowa; Milwaukee, Wis., and Los Angeles, Cal.

There are many other cities that might be added to the list and for whose exclusion no valid reason can be assigned. Would it not be a good idea to follow the plan in vogue in some other commonwealths, and name the States and let all bonds of municipalities in those States whose debt does not run above a certain percentage of the assessed values form legal investments —taking care to make the limits strict enough to exclude everything involving a possible hazard, but broad enough not to shut the door against anything really desirable? How the present law works is illustrated by the following letter which has come to us, as already stated, from an official of a leading town in Massachusetts—Brookline:

TREASURY OF BROOKLINE,
BROOKLINE, MASS., March 30, 1903.

Editor Financial Chronicle:

DEAR SIR—I come to ask for some information. If you will take the trouble to look upon page 355 of the Treasurer's report and examine the statement of the limit of indebtedness, you will understand that inasmuch as other municipalities in Massachusetts can borrow money on long periods at a lower rate than I have yet been able to do for this, the wealthiest town in the world, I am naturally desirous of availing of their facilities.

Their advantage arises from the fact that your State Legislature has approved their bonds as investments for the State Savings Banks.

Will you be good enough to tell me what steps I shall take n order to get the matter before the Legislature with a prospect of as favorable action as they received?

Thanking you in advance for your courtesy, I remain,
Very truly yours, GEO. H. WORTHLEY,
Treasurer and Collector.

The foregoing letter is interesting as emphasizing —what was known before—that the privilege given by State laws to invest in the securities of a municipality is certain to add to the market values of the securities of such municipality. Brookline, Mass., as everyone knows, comprises an exceedingly prosperous community. The Treasurer of that municipality is authority for the statement that he cannot sell the bonds of his town on the same favorable terms as other municipalities in Massachusetts, simply because, as he states, the New York Legislature has approved the bonds of these other municipalities as investments for New York savings institutions, but has not approved those of his own town.

If the different municipalities whose obligations appear to be good investments are to be picked out by special selection, then there seems no reason whatever why Brookline should not be comprised in the list. The town on the first of February this year had a total debt of only $1,440,996, of which $262,686 consisted of water debt, leaving the net debt only $1,178,310, which is less than 1½ per cent of the assessed valuation, this valuation for 1902 having been $86,093,800. Certainly the bonds of a municipality so situated as this ought to be a good investment. We may suppose that they would be in the favored class if any one had been sufficiently interested in them to apprise the Legislature of their merits. The fact that they remain outside the pale of the law is the best evidence that the present method of extending the list in this State is defective, and that some general provisions should be incorporated in the statute broad enough to admit securities of all municipalities as favorably situated as Brookline. Well guarded restrictions and requirements are needful and should be enforced, but they should be general, and should place all municipalities of like grade and merit upon an equal footing. This rule would obviate the necessity for resorting to special legislation when some desirable securities come before the public, would no longer leave the Legislature open to the suspicion of interested motives, and would do away with the need for amending the law at each session of the Legislature.

MUNICIPAL BOND SALES DURING 1902.

At the end of this article we furnish two very extensive compilations, occupying a page, which together afford a complete analysis of the municipal bond sales for the calendar year 1902. This is in continuation of the practice begun in our April SUPPLEMENT for 1902, in which we presented a similar analysis for the calendar year 1901. As stated by us at the time, it is our intention to continue these analyses year by year. In the course of time, therefore, the student and the economist will have data which should prove very serviceable both for present use and future reference. We may repeat our remark of twelve months ago, that no such comprehensive statements concerning municipal bond sales have previously been attempted anywhere except in the case of the decennial Censuses of the United States Government.

Dealing first with the grand aggregates we find that altogether $148,463,584 of State and municipal bonds were disposed of during 1902. Turning now to our statement for 1901, the aggregate then is seen to have been $131,549,300. Here apparently is an increase of 17 million dollars. At the outset, however, it is proper to state that to the extent of, roughly, 9¼ million dollars the increase is apparent rather than real. Our figures for 1902 comprise new bond issues of New York City to amount of $9,255,467 taken by the city sinking fund. In previous years we have been unable to obtain statements of the new bonds purchased by the sinking fund. Allowing for this item, therefore, the increase would be somewhat less than 8 million dollars instead of 17 million dollars.

Of the $148,463,584 bonds put out in 1902, $22,309,461 were for refunding, leaving the net addition $126,154,123. In 1901 $16,731,457 out of $131,549,300 were for refunding, leaving the net addition in that year $114,817,843. Thus in the net amount of bonds put afloat there was an increase of about 11⅓ million dollars. This increase is subject to the same qualifications as that in the grand aggregate—that is, al-

lowance must be made for the inclusion in 1902 of New York City bonds taken by the city's sinking funds. It should be distinctly understood that in our compilations we have taken no account in either year of temporary loans issued, as these represent no permanent additions, being usually taken up out of tax collections within a brief period after their emission.

Another point of interest is as to the geographical distribution of the new bonds. As in the previous year, the bulk of the whole amount is found in the North Atlantic Division, comprising the New England States, together with New York, New Jersey and Pennsylvania; $83,432,142 of new bonds out of the grand total of $148,463,584 came from that section, New York State alone furnishing $42,745,727 of the $83,432,142. In 1901 the North Atlantic Division had $76,782,641 of new bonds out of $131,549,300. New York State then figured for $37,377,211, against the $42,745,727 in 1902, the latter including, as already stated, $9,255,467 bonds taken by the New York City sinking fund.

After the North Atlantic Division the North Central Division stands next in prominence, this having supplied $45,779,061 of new bonds in 1902 against $28,040,470 in 1901. Ohio comes in with $22,688,867 in 1902, against only $10,650,000 in 1901. Cincinnati is responsible for the bulk of the increase in that State; the city put out $7,810,000 of refunding bonds to take up $8,000,000 of Cincinnati Southern bonds which had matured. Cleveland also had larger sales, its aggregate for 1902 having been $3,810,000, against $1,277,000 in 1901; $1,200,000 of water bonds and $700,000 of City Hall bonds figured in that city's total for 1902, against nothing for either purpose in the previous year. Missouri is another State in the North Central Division which shows a greatly enlarged total, it having put out $5,899,136 of bonds in 1902, against $1,201,719 in 1901. But the $5,000,000 of bonds issued by St. Louis in aid of the coming Exposition at that point reveals the reason for this increase.

All the other grand divisions record smaller totals for 1902 than for 1901, namely the South Atlantic Division, the South Central Division and the Western Division.

State bonds form an even smaller proportion of the whole than in 1901, namely $6,908,000 against $13,572,800 for 1901. As is known, very few States are adding to their bonded indebtedness outside of Massachusetts, in which State there is no constitutional limit upon the power of the commonwealth to borrow, and where also the State seems to assume a number of functions ordinarily performed by municipalities. Massachusetts created $5,363,000 of new bonds (of which 3½ million was for water, $748,000 for buildings, $665,000 for grade crossings and highways, and $450,000 for park purposes), against $11,251,800 put out by the commonwealth in 1901, of which $8,500,000 had boen for water, $2,000,000 for sewer, $250,000 for parks, besides $501,800 for buildings and armories. Only six other States besides Massachusetts put out any State bonds in 1902 and the aggregate for the whole six was only $1,545,000.

Another instructive feature of these tabulations is that it shows the amounts and proportions of bonds issued at different interest rates. The greater part of the new issues bears interest rates running from 3 to 4 per cent. The amounts put out at 3 per cent, at 3½ per cent and at 4 per cent aggregate $123,430,242, or 83·13 per cent of the whole, against $107,604,794, or 81·79 per cent issued at these interest rates in 1901.

It should not escape attention that notwithstanding the larger proportion of bonds put out at interest rates of 3 to 4 per cent (indicating thereby that smaller proportions were put out at rates above 4 per cent), the tendency of interest rates was nevertheless distinctly upward. Only 8·19 per cent of the bonds was 3s in 1902, as against 8·42 per cent in 1901, and the ratio for 1902 would be only 1·96 per cent except for the inclusion of the $9,255,467 New York City bonds taken by the sinking fund, which were all 3s; only 51·74 per cent were 3½s, against 52·41 per cent in 1901; while 23·20 per cent were 4s, as against no more than 20·96 per cent in 1901. These facts are made patent in the following table. It is proper to state that the $5,000,000 of Exposition bonds put out by St. Louis in 1902 were 3¼ per cents, but have been included in our column called "Unknown and Unusual Rates of Interest," because there was not room enough in our compilations to insert an extra column for this issue alone.

* This item for 1902 includes $5,000,000 3¼% Louisiana Purchase Exposition bonds of the City of St. Louis, Mo.

As to the purposes for which bonds were issued, only $20,682,329 were for water in 1902, as against $32,101,416 in 1901. There are special reasons for the falling off in this instance. Thus Philadelphia put out $9,000,000 bonds for a filtering plant in 1901, as against $1,600,000 for mains and fire pipe lines in 1902. In like manner Los Angeles issued $2,000,000 for water in 1901 and nothing in 1902. The State of Massachusetts, as already stated, disposed of but 3½ millions of water bonds in 1902 as against 8½ millions in 1901. Generally speaking, more bonds were issued for streets and roads, for schools, for sewers, and for buildings, than in the previous year. The total of bonds which are not classified (because they do not fall under any of the leading heads), which was large last year, is still larger the present year. In other words $32,736,586 of bonds fall in the miscellaneous column this year as against $24,738,602 in 1901.

A few leading items account for the bulk of this total of $32,736,586. Thus there are the five million Louisiana Purchase Exposition bonds placed by St. Louis; $12,500,000 of Rapid Transit and $2,350,000 of Dock bonds put out by New York City, and $750,000 of Rapid Transit and Tunnel bonds, $100,000 Ferry and $1,349,000 various municipal bonds emitted by Boston. The large items in the 1901 total were $11,000,000 of Rapid Transit and $650,000 of Dock bonds issued by New York City.

Of distinctively municipal bonds (cities, towns, etc.,) $117,150,302 were placed in 1902, as against $93,925,101 for 1901. New York State contributed $40,450,094 of such municipal bonds, against $36,062,871 in 1901, of which $29,415,467 were supplied by New York City (including the $9,255,467 taken by the sinking fund), against $29,143,125 supplied by this city in 1901, *without* including the sinking fund takings. Massachusetts contributed $12,814,737, against $4,191,950, Boston having put out $6,194,000 of bonds in 1902 against only small amounts in 1901. Pennsylvania contributed $9,536,606, against $11,822,980, Philadelphia's share being $6,400,000, against $9,000,000. Ohio contributed $18,819,778, against $7,586,786, Cincinnati's portion this year being $8,848,000, against $1,570,000, and Cleveland's portion $3,845,000 against $1,277,000. Thus these four States in the aggregate furnished $81,621,215 of the whole $117,150,302 municipal bonds, as against $59,664,537 credited to the same States in 1901 out of a total of $93,925,101. For many other interesting details disclosed by our analysis we would refer the reader directly to the tables which follow.

NOTE.—In the column called "Miscellaneous" in the foregoing, New York's $16,589,031 is made up chiefly as follows: Rapid Transit bonds of New York City, $12,500,000, and dock bonds of same city, $2,350,000; Missouri's total of $5,012,800 embraces $5,000,000 Louisiana Purchase Exposition bonds of St. Louis; the $3,341,500 for Massachusetts comprises mainly $750,000 Rapid Transit and Tunnel, $100,000 ferry, and $1,349,000 bonds put out by the City of Boston for general municipal purposes.

In the column of "Unknown and Unusual" Interest rates in the first table, the $5,000,000 credited to Missouri represents the Louisiana Purchase Exposition bonds of St. Louis, carrying 3¼% interest.

United States Debt and Its History.

The following is a statement of the debt of the United States past and present. To add to its usefulness we give references to the laws authorizing each of the issues of bonds outstanding to-day, and likewise, so far as we deem it needful, citations from those laws.

All our figures, except when otherwise noted, represent the status at the close of business June 30 or the beginning of business on July 1 of each fiscal year. To conform to that feature and yet furnish information through which any reader can always have the data for a correct exhibit of the debt situation at any past or future day, and make an accurate comparison with previous years, we present, FIRST, the details as they stood at the close of the last fiscal year ending June 30, 1902; SECOND, the changes in those details since June 30, 1902, down to April 1, 1903; THIRD, the items of interest-bearing debt, &c., at the beginning of each fiscal year since July 1, 1877; FOURTH, we publish in the CHRONICLE every month—usually the first or second Saturday—the full detailed Government statement of the debt as reported by the Treasurer on the last day of the previous month; some months lack of space forces us to delay the publication to a later week.

With these data at his command, it would seem as if any inquirer could satisfy himself fully with reference to every point which might become of importance for him to know respecting the United States debt.

Aggregate June 30 1902 of debt bearing no interest		$395,680,156 63

The foregoing shows that the Government debt on June 30, 1902, was made up of (1) interest-bearing debt, $931,070,340, of (2) debt on which interest has ceased, $1,280,860 26, of (3) debt bearing no interest, $395,680,156 63, making total *gross* debt, $1,328,031,356 89; subtracting from the total the net cash balance in the Treasury ($358,574,115 85) at the same date (June 30, 1902), we have the net debt as it stood at the close of the last fiscal year, $969,457,241 04. To bring down the *interest-bearing* debt to April 1, 1903—which, as stated, was $931,070,340 on June 30, 1902—we must add to the Funded Loan of 1907 $1,800 and deduct from the Refunding Certificates $1,170, from the loan of 1925, $16,504,300, and from the loan of 1904, $25,300, to reach the total of the interest-bearing debt April 1, 1903, which was $914,541,370, or $16,528,970 less than on June 30.

For *later and future details of the debt, see the same* as issued every month in the CHRONICLE, the first or a later Saturday. We now add, *first*, references to and citations from the laws which are the authority for the debt as it stands to-day, including the new 2 per cent loan authorized March 14, 1900; *second*, the two tables on the next page, which exhibit all the particulars of the total debt of the United States on June 30 of each year from 1877 to 1902, and on Apl. 1, 1903; *third*, the Pacific Railroad bonds, which are never included in the Treasury debt statements.

"FUNDED LOAN OF 1891" (Column 1) 4½ per cents, continued at 2 per cent. The bonds of this issue were issued in exchange for the 4½ per cent funded loan of 1891 by agreement between the Secretary of the Treasury and the holders, and were made redeemable at the pleasure of the Government. Amount issued $25,364,500, but May 18 all were called for redemption on August 18, when interest ceased.

"CONSOLS OF 1930."—(Column 9.) Bonds (2 per cent payable at the pleasure of the Government after 30 years) authorized in "Act to define and fix the standard of value," etc. (for copy of Act see CHRONICLE, March 3, 1900, page 411), for the purpose of refunding (1) outstanding United States bonds bearing interest at 5 per cent payable Feb. 1, 1904; (2) bonds bearing interest at 4 per cent payable July 1, 1907, and (3) bonds bearing interest at 3 per cent payable August 1, 1908 (the "ten-twenties of 1898"). For details of arrangement see Secretary Gage's circular with reference to the operations for carrying out the refunding provisions of the bill in CHRONICLE, March 17, 1900, page 509. Of these 2 per cents there were outstanding April 1, 1903, according to debt statement, $445,940,750.

"LOAN OF 1908-1918."—(Column 7.) The bonds included under this head are an issue of $200,000,000 3 per cents. They were authorized by Act of June 13, 1898, and are known as the "War loan." The law provided that in allotting said bonds the individual subscriptions of the lowest amount must be first allotted. On the day the Act was signed a Treasury circular was issued (see circular in CHRONICLE of June 18, 1898, page 1168,) inviting subscriptions for 32 days, from June 13 to July 14, for the amount of bonds stated, in both coupon and registered form, coupons in denominations of $20, $100, $500 and $1,000, and registered in denominations of same amounts, and also in $5,000 and $10,000, dated August 1, 1898, redeemable in coin at the pleasure of the United States after ten years from date of issue, and due and payable August 1, 1918. See circular for further details. Subscriptions reached the amount of $1,325,000,000. The amount now outstanding (April 1, 1903) is $97,515,660.

"FUNDED LOAN OF 1907" (Column 2) 4 per cents. The act of July 14, 1870, authorized the issue of 1,000 million dollars of bonds at 4 per cent, payable in coin of the present standard value, at the pleasure of the United States after thirty years; these bonds to be exempt from all taxes or duties of the United States, as well as from taxation in any form by or under State, municipal or local authority. Bonds to be sold at not less than par in coin, and proceeds to be applied to the redemption of outstanding 5-20s, par for par. Outstanding (April 1, 1903), $233,179,200.

"REFUNDING CERTIFICATES" (Column 3).—Act of February 26, 1879, authorized the Secretary of the Treasury to issue in exchange for lawful money of the United States certificates of deposit of the denomination of ten dollars, bearing interest at the rate of 4 per cent, and convertible at any time, with accrued interest, into the 4 per cent bonds described in the Refunding act; the money so received to be applied only to the payment of the bonds bearing interest at a rate not less than 5 per cent. On March 12, 1879, the issue of these certificates and their exchange into 4 per cent bonds were authorized; the certificates were to draw 4 per cent interest from April 1, 1879, and were convertible in sums of $50 or its multiples. The amount issued at the close of the fiscal year (June 30, 1879), was $39,308,110, but they had been converted so rapidly that there were outstanding at that date only $12,848,210. On October 31, 1879, the entire authorization had been reached, the maximum amount of the issue being $40,012,750. Of these there were still outstanding on April 1, 1903, a total of $30,810.

"LOAN OF 1925."—(Column 5.) Sales of bonds included under this designation were effected (1) in February, 1895, to the amount of $62,315,400 and (2) in February, 1896, to the amount of $100,000,000. In a message to Congress under date of February 8, 1895 (published in the CHRONICLE February 9, 1895, page 244), President Cleveland stated in substance that in pursuance of Section 3700 of the Revised Statues the details of an arrangement have this day been concluded whereby bonds authorized under the act of July 14, 1875, payable in coin at the pleasure of the United States after the first day of Feb., 1925, with interest at the rate of 4 per cent per annum, to the amount of $62,315,400, are to be issued for the purchase of gold coin amounting to a sum slightly in excess of $65,000,000, to be delivered to the Treasury of the United States, which sum added to the gold now held in our reserve will so restore such reserve as to make it amount to something more than $100,000,000. Such a premium is to be allowed to the Government upon the bonds as to fix the rate of interest upon the amount of gold realized at 3¾ p. c. per annum. At least one-half of the gold to be obtained is to be supplied from abroad. Section 3700 of the Revised Statutes is as follows:

"Sec. 3700. The Secretary of the Treasury may purchase coin with any of the bonds or notes of the United States authorized by law at such rates and upon such terms as he may deem most advantageous to the public interest."

For a construction of the "Refunding Act of 1870" and of the "Resumption Act of 1875," see CHRONICLE, February 18, 1893, page 265.

The issue in February, 1896, was an ordinary offering, open to all bidders, of $100,000,000 of the same bonds as the foregoing—same in date, same in time of maturity, same in rate of interest and time of interest payments. Consequently both issues are called the "Loan of 1925," of which there are outstanding $118,489,900.

"LOAN OF 1904."—(Column 4.) The act of January 14, 1875, authorizes the Secretary of the Treasury to use any surplus revenues from time to time in the Treasury not otherwise appropriated, and to issue, sell, dispose of, at not less than par in coin, either of the descriptions of bonds of the United States described in the act of July 14, 1870, for the purpose of redeeming on and after January 1, 1879, in coin, at the office of the Assistant Treasurer of the United States at New York, the outstanding legal-tender notes when presented in sums of not less an fifty dollars. Under this authorization, and for the purpose mentioned, there were issued in Feb., 1894, payable in 10 years, $50,000,000 of 000 of 5 per cents and in Nov., 1894, there were issued $50,000,000 more for similar bonds for same purpose. Now outstanding $19,385,050.

In April, 1895, we gave a table showing the debt of the United States on the first day of July, 1856, and every subsequent year. It is not necessary to repeat all those figures. We have determined on this occasion to begin our statement with 1877, as that year antedates all of the issues now outstanding, and yet carries the record sufficiently far back to show the nature and extent of the Government securities when the refunding operations of that period began. It has the advantage, too, of giving separate and distinct each issue of bonds now outstanding. The statement is subjoined.

NOTE 1.—The annual interest charge is computed upon the amount of outstanding principal at the close of the fiscal year, except in the case of April 1, for which the total is of that date, and is exclusive of interest charge on Pacific Railway bonds.

NOTE 2.—The figures for July 1, 1879, were made up assuming pending funding operations to have been completed.

* NOTE 3.—Under the Act of March 14 1900 the Treasury Department has kept the gold Reserve Fund of $150,000,000 as a separate item, and not included it in the available cash balance. In the foregoing statement, however, we have continued to include the item so as not to embarrass comparison with previous years.

PACIFIC RAILROAD DEBT.—One other class of bonded debt must be referred to which has never been included in the total of Government debt—we mean the Pacific Railroad subsidy debt. To show the situation of this indebtedness we have to make compilations of our own, as the Treasury form comes short of indicating the existing situation. In the following we bring together the details respecting the issues to the Pacific Railroads, giving likewise in the statement the debt already paid and the balance due to the Government.

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRICTIONS.—The provisions regulating the investments and loans of savings banks and institutions for savings in the State of Maine are contained in Public Laws 1895, Chapter 161, Public Laws 1893, Chapter 170, and Revised Statutes, Chapter 47, Sections 102 and 103.

All the provisions referred to above have been compiled by the Bank Examiner, and we give his compilation below in full. The law was amended in 1903 by permitting investments to be made in mortgage bonds of any water company in the New England States, instead of only in Maine and New Hampshire; another amendment relates to street railway investments, and provides that whenever any of the designated States mentioned in the street railway section have no railroad commissioners having supervision over street railways, the Bank Examiner of Maine may determine whether the requirements called for are met. HISTORY OF DEBT.—New Hampshire's debt history is very brief. This State has always been extremely conservative, and no bonds were issued until after the breaking out of the Civil War. In 1866 New Hampshire reported her funded indebtedness at $4,169,818, contracted exclusively for war purposes. June 1, 1869, the total outstanding was $3,213,962 22, against which the Treasurer reported an asset of $77,082 89. The situation of the State debt now is as below:

LOANS NAME AND PURPOSE.	Interest. P. Ct.	Interest. Payable.	Principal. When Due.	Principal. Outstand'g.
Agricultural College 1893	4	J & J	July 1, 1913	$135,000
Library bonds of 1891	4	J & J	July 1, 1911	175,000
Do do 1893	4	J & J	July 1, 1913	75,000
Municipal War loan	6	J & J	Jan. 1, '04 to 1905 $150,000 yearly.	300,000

Loan of 1873 (overdue)	..	....	.....	500
Trust funds	4&6	....	.....	813,574 37

Of the trust funds held June 1, 1902, $80,000 bear 6 per cent interest and $731,454 75 bear 4 p. c. interest, no interest being paid on $2,119 62.

PAR VALUE OF BONDS.—The bonds of this State are in $500 and $1,000 pieces.

INTEREST is payable at the Commonwealth Bank of Boston and at State Treasurer's office.

TOTAL DEBT.—The *net* debt on June 1, 1902, was $756,432 36.

The subjoined statement shows New Hampshire's *total* debt on the dates named. Assets June 1, 1902, were $912,638 94.

ASSESSED VALUATION.—The State's total assessed valuation (including taxable savings, bank savings, insurance capital and railroads) has been as follows:

Years.	Valuation.	Years.	Valuation.
1902*	$286,487,655	1896	$259,116,800
1901*	282,517,963	1895	not tabulated

1899	277,024,165	1893	274,816,342
1898	252,490,075	1890	250,530,530
1897	255,742,099	1885	218,122,554

*Holdings of savings banks (aggregate 1902, $15,329,694) exempt from taxation; included in 1900.

CONSTITUTIONAL CONVENTION.—The Constitutional Convention, held in 1902, submitted several amendments to the Constitution, of which four were approved at the election on March 10, 1903. One of these refers to franchise and inheritance taxation and another to trust regulation. V. 76, p. 610.

DEBT LIMITATION.—There is no restriction in the Constitution of New Hampshire upon the debt-making power of the people through the "General Court," *except* the following, which is the last clause of Article 5 of Part Second of that instrument.

Provided, That the General Court shall not authorize any town to loan or give its money or credit directly or indirectly for the benefit of any corporation having for its object a dividend of profits or in any way aid the same by taking its stocks or bonds.

The above is an amendment to the Constitution, which was ratified in 1877. The amendment would appear to be intended as a complete estoppel to municipal loaning of money or credit to railroad and industrial corporations. It is to be noticed, however, that by its terms the restriction does not specifically mention "cities," the words being "any town."

In addition to the foregoing is the "Municipal Bond Act of 1895." It tells in the matter of issuing bonds what a municipal corporation may do, what it must do, and what it cannot do. The law enacts: *Sec.* 1. The term "municipal corporation" means town, city, school district, village district and village precinct. *Sec.* 2. Bonds issued must be payable within 20 years, interest semi-annual, not exceeding 6 per cent, may be payable in gold coin. If made payable in less than 20 years, may be extended but never beyond 20 years from time of issue. *Sec.* 3. Bonds (except of cities) must be authorized by a vote of two-thirds of all voters present and voting at an annual meeting of such corporation, or at a special meeting if properly called, &c. (for which see act). Bonds must be signed by a majority of the Governing Board, countersigned by Treasurer and have seal of corporation. Time and place of payment and rate of interest, &c., may be delegated to Governing Board. *Sec.* 4. City bonds must be authorized by resolution of City Council passed by at least two-thirds of members elected to each branch taken by yeas and nays, signed by Mayor, countersigned by Treasurer, seal of city affixed. Place of payment, rate of interest and sale may be delegated to Treasurer. *Sec.* 5. Bonds shall be payable to bearer or to registered holder by name, and must be in form set out in act—which see. In case bonds be made subject to call they must contain statement to that effect as given in act. "The validity of any bonds shall not be affected by any variation from the forms herein prescribed." *Sec.* 6. Treasurer to keep a book in which he shall register bonds issued, &c. *Sec.* 7. "All bonds purporting to be issued by virtue of this act and signed and sealed as hereinbefore provided shall in favor of bona fide holders be conclusively presumed to have been duly and regularly authorized and issued in accordance with the provisions herein contained, and no holder thereof shall be obliged to see to the existence of the purpose of the issue or to the regularity of any of the proceedings or to the application of the proceeds. All such bonds shall be negotiable in all respects and to the same extent as securities negotiable by the law merchant." *Sec.* 8. Annual tax must be levied and collected sufficient to pay interest and provide a sinking fund sufficient to pay principal within 20 years. *Sec.* 9. No bonds can be issued which shall increase the *net* debt of corporation to an amount exceeding 5 per cent of the value of the taxable property therein as last appraised for assessing taxes. To ascertain *net* debt, all debts must be included except the following, which must be deducted—water debt, "cash and other means" in treasury and sinking funds applicable to payment of debt so included; "but nothing contained in this section shall prevent the issue of bonds for the purpose of refunding an equal principal amount of other bonds of such corporation." *Sec.* 10, corporation seal. *Sec.* 11. Act to take effect on passage. Approved March 19, 1895.

SAVINGS BANKS' INVESTMENTS—PRIVILEGES AND RESTRICTIONS.—The savings bank investment laws of New Hampshire were completely revised and materially altered in many respects at the Legislative session of 1901. The new law was approved by the Governor March 22, 1901, and went into effect on its passage. Its provisions are as follows:

AN ACT.

TO REGULATE AND LIMIT THE INVESTMENTS OF SAVINGS BANKS.

Be it enacted by the Senate and House of Representatives in General Court convened:

Section 1. On and after the passage of this Act, savings banks and savings departments of banking and trust companies shall make investment of their funds in the following classes of securities only:

1st. In notes secured by first mortgage of real estate situated in New Hampshire, but not over seventy per cent of the value of the property covered shall be so loaned, and not exceeding seventy per cent of the deposits shall be so invested.

2d. In notes secured by first mortgage of real estate situated outside of New Hampshire which is at the time improved, occupied, and productive, but not over 50 per cent of the value of the property covered shall be so loaned, and not exceeding 25 per cent of the deposits shall be so invested.

3d. In notes secured by collateral in which the bank is at liberty to invest of a value at least 10 per cent in excess of the face of the note. The amount of any one class of securities so taken as collateral, added to that which the bank may own at the time, shall not exceed the total limit of that class of security, but not exceeding 25 per cent of the deposits shall be so invested.

4th. In notes secured by collateral securities which are dealt in on the Stock Exchanges of Boston and New York, the Stock Exchange price of which shall at all times be at least 20 per cent in excess of the face of the note, while held by the bank, but not exceeding 25 per cent of the deposits shall be so invested.

5th. In notes of individuals or corporations with two or more signers, or one or more indorsers, but not exceeding five per cent of the deposits shall be loaned any one person or corporation in this class of security, and not exceeding 25 per cent of the deposits shall be so invested.

6th. In the public funds of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interest and principal.

7th. In the bonds and notes of this State, or of any county, city, town, precinct, or district of this State.

8th. In the authorized bonds or notes of any State or Territory of the United States, and in the bonds or notes of any city of the States of Maine, Vermont, Massachusetts, Rhode Island, Connecticut, or New York, whose net indebtedness does not exceed five per cent of the last preceding valuation of the property therein for taxation, or of any county or town in said States whose net indebtedness does not exceed three per cent of such valuation.

9th. In the authorized bonds of any county, city, town, school district, or other municipal corporation of any other of the United States or Territories whose net indebtedness at the time of such investment does not exceed 5 per cent of the last preceding valuation of the property therein for taxation; and in the authorized bonds of any city of 100,000 inhabitants of any of said States whose net indebtedness does not exceed 7 per cent of the last preceding valuation of the property therein for taxation. The term "net indebtedness" shall be construed to denote the indebtedness of any city, town, or other municipal corporation, omitting the debt created for supplying the inhabitants with water and deducting the amount of any sinking fund available for the payment of the municipal indebtedness. *Provided, however*, that such bonds shall not have been issued in aid of railroads or for special assessment purposes. *Provided, also*, that the bonds of any county, city, or town, of less than 10,000 inhabitants, or of any school district or other municipal corporation of less than 2,000 inhabitants in any State or Territory other than those named in paragraph 8 of section 1 of this Act shall not be authorized investments. *Provided, further*, that such bonds are issued by municipalities that are permitted by law to levy taxes sufficient to pay the interest and to provide sinking funds for their debt; otherwise such bonds shall not be authorized investments. And *provided, further*, that the bonds of any such county, city, town, school district, or other municipal corporation of any State or Territory, except in the States named in paragraph 8 of section 1 of this Act, which does not have a constitutional provision limiting the indebtedness of counties, cities, towns, school districts, or other municipal corporations therein, shall not be legal investments; but not exceeding 50 per cent of the deposits shall be so invested.

10th. In the bonds or notes of any railroad company, except street railways, incorporated under the laws of this State, whose road is located wholly or in part in the same; but not exceeding 25 per cent of the deposits shall be so invested.

The tax rate for 1902 was $2·05 per $1,000, which included State school tax of 80 cents and State highway tax of 50 cents per $1,000, collected and re-distributed to towns on a basis of the number of schools and road mileage.

DEBT LIMITATIONS.—There appears to be nothing in the Constitution or in the Statutes of Vermont providing a general limit to the debt-making power of municipalities. Whatever in each case the Legislature authorizes, the city, town, county or other civil division can issue. Of course the purpose of the improvement must be of a public character. Railroad subscriptions by towns are authorized by Section 3102, chapter 141 of the Revised Statutes of 1894, the section being as follows:

Section 3102. A town may aid in the construction of a railroad organized under the general law by issuing bonds to aid such railroad, by taking capital stock therein, or in such other manner as it directs, but the liability so assumed shall not exceed eight times the grand list of the town at the time. Such aid shall be given as provided in this chapter.

It will be noticed that this section contains a limit to the power granted of making subscriptions in aid of railroads—to wit: That the subscriptions shall not exceed eight times "the grand list." To evolve the "grand list" in Vermont, the authorities first prepare a schedule of all the property, real and personal, of each individual, with valuations entered at their real value in money, deducting debts owing; after this is done "the grand list" is made up by taking one per cent of that amount, according to Section 360, Chapter 26, of the Revised Statutes of 1894, which is as follows: "All real and personal estate shall, "except as otherwise provided, be set in the list at one per cent of its "value in money on the first day of April of the year of its appraisal."

Following Section 3102, above cited, which authorizes subscriptions in aid of railroads, are other sections describing the method in which these subscriptions must be made, by calling a town meeting, voting, &c., &c. Then follows Section 3108, authorizing the issue of bonds.

Section 3108. Such town may issue bonds, with coupons payable semi-annually, to aid such road.

The only other *general* authority granted for the issue of bonds by municipal corporations in Vermont is that given for refunding outstanding bonds and notes, and for road-making apparatus. The Sections which grant these powers are Sections 3111 to 3120, inclusive, Chapter 141 of the Revised Statutes of 1894. Section 3111 is as follows:

Section 3111. A town which has outstanding and unpaid orders, notes, bonds or coupons lawfully issued, may issue other negotiable notes or bonds to pay or retire the same.

Sections 3112 to 3115, inclusive, give the method of issuing such bonds.

By Section 3116 municipal corporations other than towns have the same refunding powers granted them which are conferred upon towns by the two sections last above cited.

Section 3118. A town, city or incorporated village may issue bonds to an amount not exceeding three times its grand list, for the purpose of purchasing road-making apparatus and for building permanent highways within the the limits of such town, city or village.

Sections 3119 and 3120 provides for the method of issuing such bonds

The only other section which we need quote is Section 3083 of Chapter 139, which names the objects for which towns may vote money. If money is appropriated for any other object, the Charter or a special statute must be looked to for the authority.

Section 3083.—Towns may vote such sums of money as they deem necessary for the support of the poor, for laying out and repairing highways, for the prosecution and defense of the common rights and interests of the inhabitants, and for other necessary incidental town expenses.

SAVINGS BANKS INVESTMENTS—PRIVILEGES AND RESTRICTIONS.—The provisions of law relating to savings banks are found in Chapter 174 of the Vermont statutes, Sections 4066 to 4131 inclusive, as amended from time to time. The first section having reference to investments is Section 4096, which treats of *real estate mortgages.* It authorizes the investment of 70 p.c. of the assets in such mortgages, one-sixth at least of which "shall be upon real estate in this State"—that is Vermont. A proviso adds that only 50 per cent of the assets may be invested in mortgages on real estate outside of Vermont. Sections 4097 and 4098 relate only to obtaining and paying for insurance. Section 4099 is as follows, and has reference to investment on *personal security.*

Section 4099—No loans or investments on personal security shall be made except upon at least two approved names, not less than two of whom reside in this State or within fifty miles of the institution making such investment, and such personal loans or investments shall not be for a longer time than one year; and not more than one-third of the assets of a savings bank, savings institution or trust company shall be invested in personal securities.

Section 4100 only covers a single point; that is to say it restricts to *five* per cent of the deposits the amount which a savings bank may invest in the lot and building for the transaction of its business, and adds that a revenue may be derived from portions of the building not

required for the bank's use. The next section (Section 4101) covers the most important of the provisions relating to investments that are contained in the law. We give the section in full below. The separation into paragraphs and the figures in parenthesis which number and begin the paragraphs are our own.

SECTION 4101—With the foregoing exceptions, the moneys deposited in Savings Banks, Savings Institutions and Trust Companies, and the income therefrom, shall be invested only as follows:

(1.) In the public funds of the United States, or public funds for the payment of principal and interest of which the faith of the United States is pledged;

(2.) In the bonds or notes of the counties, cities, towns, villages and school districts of the New England States, New York, Pennsylvania, Ohio, Michigan, Indiana, Illinois and Iowa;

(3.) In the stock of any national bank in the New England States, New York and the cities of Detroit, Chicago, St. Paul and Minneapolis; in the stock of any banking association or trust company incorporated under the authority of and located in this State;

(4.) In the municipal bonds, not issued in aid of railroads, of counties, cities and towns of five thousand or more inhabitants in the States of New Jersey, Wisconsin, Minnesota and Missouri, and in counties, cities and towns of ten thousand or more inhabitants in the States of Kansas, Nebraska, North Dakota, South Dakota, Oregon and Washington, but no investment shall be made in any of the counties, cities or towns in the States above named, except in cities of fifty thousand or more inhabitants, where the municipal indebtedness of such county, city or town *exceeds five per cent* of its assessed valuation, and when not issued in aid of railroads;

(5.) In the school bonds and independent school district bonds of New Jersey, Wisconsin, Minnesota and Missouri; and in the school bonds and independent school district bonds of school districts of two thousand or more inhabitants in the States of Kansas, Nebraska, North Dakota, South Dakota, Oregon and Washington, where the amount of such bonds issued does not exceed five per cent of the assessed valuation of the respective cities, towns and school districts.

(6.) In the public funds of any of the States named in this section; in notes with a pledge of any of the aforesaid securities, including deposit books or deposit receipts, issued by a savings bank, savings institution or trust company or banking association located in this State, as collateral, such notes not to exceed the par or market value of such security;

(7.) But no savings bank, savings institution or trust company shall hold, by way of investment or as security for loans, more than ten per cent of the capital stock of any one bank, nor invest more than ten per cent of its deposits, nor more than thirty-five thousand dollars in the capital stock of any one bank; and no such investments shall be made in the capital stock of any such banks, owned or loaned upon, to exceed in the aggregate one-fourth of the deposits of any savings bank, savings institution or trust company.

The amount of loan which can be made to one person or corporation &c., is restricted by the next section, and we give it in full. It is as follows:

SECTION 4102—No savings bank, savings institution or trust company shall loan to any one person, firm or corporation, or the individual members thereof, more than five per cent of its deposits, nor more than thirty thousand dollars; nor shall such loans on personal security exceed ten thousand dollars, until its deposits amount to one million dollars, after which the sums so loaned may be increased one per cent of the deposits in excess of the one million dollars; but this section shall not apply to United States bonds or municipal bonds, or notes with such bonds as collateral.

We also give Section 4106 in full. It confers authority upon savings banks to make deposits on call in banks and trust companies in certain States and cities, and is as follows.

SECTION 4106.—The words "trust company" in this chapter shall be construed to include savings banks and trust companies. A savings bank, savings institution or trust company may deposit on call in banks, banking associations or trust companies in this State, or in the cities of New York, Boston, Chicago, Albany, Philadelphia, or Concord, New Hampshire, or in any other legal designated depository under the laws of the United States, or in national banks in the cities of St. Paul, Minneapolis and Kansas City, with or without interest, as may be agreed upon, sums not exceeding in the aggregate twenty per cent of the assets of such savings bank, savings institution or trust company.

Section 4107 enacts that savings banks may hold real estate acquired on foreclosure or otherwise taken to secure debt, but it must be sold within five years, unless certain prescribed steps are taken, when an extension may be granted by the Inspector of Finance for not exceeding three years additional. Section 4108 authorizes savings banks to demand and receive on loans 6 per cent interest.

DEBT LIMITATIONS.—There seems to be no provision in the Constitution of Massachusetts limiting the power of the Legislature to create State indebtedness, or limiting its power to authorize municipal indebtedness. Statutes general and special have, however, been passed on this subject with respect to Cities and Towns. All of these are found incorporated in Chapter 27 of the Revised Statutes, a new edition of which embodying all the laws passed down to the 1st of January, 1902, has just been issued. The important sections of this chapter are cited below:

Section 1—Cities and towns shall not incur debts, except in the manner of voting and within the limitations as to amount and time of payment prescribed in this chapter.

Section 2—The indebtedness of a city or town under the provisions of this chapter not inconsistent herewith shall be its net indebtedness* as defined in clause twelve of section five of chapter eight; but debts created in aid of railroad corporations, except as herein otherwise provided, and water scrip, issued by a town under special statutes for the indebtedness of a fire district, and all other debts excepted by general or special statutes shall be excluded.

* *For meaning of "net indebtedness" see bottom of page* 17.

Section 3—A *city* shall not become indebted in an amount exceeding two and one-half per cent on the average of the assessors' valuations of the taxable property therein for the three preceding years, the valuation of each year being first reduced by the amount of all abatements allowed thereon previous to the last day of December in the year preceding said assessment.

Section 4—A *town* shall not become indebted in an amount exceeding three per cent on the last preceding valuation, for the assessment of taxes, of the taxable property therein.

Section 5—A city or town which establishes, purchases, reconstructs, extends or enlarges a gas or electric lighting plant within its limits may incur debt outside the debt limit prescribed in this chapter in payment therefor to an amount not exceeding, in a town, five per cent and, in a city, not exceeding two and one-half per cent of the last preceding State valuation.

Section 6—Cities and towns may by a majority vote incur debts for temporary loans in anticipation of the taxes of the municipal year in which such debts are incurred and expressly made payable therefrom by such vote. Such loans shall be payable within one year after the

date of their incurrence, and shall not be reckoned in determining the authorized limit of indebtedness.

SECTION 7—Cities and towns may by a majority vote incur debts for temporary loans for the payment of any land damages or any proportion of the general expense of altering a crossing which they are required primarily to pay under the provisions of sections one hundred and forty-nine to one hundred and sixty, inclusive, of chapter one hundred and eleven. Such loans shall not be reckoned in determining the authorized limit of indebtedness, and when any money so paid is repaid, it shall be immediately applied to the discharge of the loan.

The sections referred to above in chapter 111 *provide for the abolition of Grade Crossings.*

SECTION 8—Debts other than those mentioned in the two preceding sections shall be incurred only by a vote of two-thirds of the voters present and voting at a town meeting, or of two-thirds of all the members of each branch of the city council, taken by yeas and nays, and subject to the approval or disapproval of the mayor.

SECTION 9—A city or town which has incurred a debt within the limitations as to amount and time of payment prescribed by this chapter may issue bonds, notes or scrip therefor, properly denominated on the face thereof, signed by its treasurer and, if issued by a city, countersigned by its mayor, or if issued by a town, countersigned by a majority of its selectment, with interest payable semi annually at such rate as it deems proper, and may sell said bonds, notes or scrip, not less than par, at public or private sale or may use the same in payment of such debts.

SECTION 10—If a city or town votes to issue bonds, notes, scrip or other certificates of indebtedness in accordance with the provisions of this chapter, the officers authorized to negotiate the same may, in the name of such city or town, make a temporary loan for a period of not more than one year in anticipation of the money to be derived from the sale of such bonds, notes, scrip or other certificates of indebtedness; but the time within which such securities shall become due and payable shall not be extended by reason of the making of such temporary loan beyond the time fixed in the vote authorizing the issue of such bonds, notes, scrip or other certificates of indebtedness

SECTION 11—Debts incurred for supplying the inhabitants with water, for acquiring land for public playgrounds under the provisions of chapter twenty-eight, for a municipal lighting plant under the provisions of chapter thirty-four, or in constructing sewers, shall be payable within thirty years; debts incurred in building school houses and other public buildings and in procuring land therefor, within twenty years; and all other debts mentioned in section 8, within ten years, or by the city of Boston, within twenty years.

SECTIONS 14 to 19, inclusive, and sections 22, 24 and 25 relate to the election and duties of the commissioners of the sinking fund and various other matters we cannot enter upon here.

SECTION 21—A city which at a meeting of its voters held for that purpose has accepted, by a vote of two-thirds of the legal voters present and voting thereon, any Act to supply said city with water may, by a yea and nay vote of the majority of the members of each branch of the city council, contract debts and issue bonds for the purposes and to the extent authorized by such Act, in the manner provided in, and subject to the provisions of, the preceding sections.

DEBT AND TAX LIMITATIONS.—Taxes in Boston are limited by Chapter 399 of the Acts of 1900 as follows (*approved June 26, 1900*):

SECTION 1. The taxes assessed on property, exclusive of the State tax, county tax and sums required by law to be raised on account of the city debt, shall not exceed in any year in the city of Boston ten and one-half dollars, and in any other city twelve dollars, on every one thousand dollars of the average of the assessors' valuations of the taxable property therein for the preceding three years, the valuation for each year being first reduced by the amount of all abatements allowed thereon previous to the thirty-first day of December in the year preceding said assessment and any order or appropriation requiring a larger assessment than is herein limited shall be void.

SECTION 2. Chapter one hundred and seventy-eight of the Acts of the year eighteen hundred and eighty-five and Chapter two hundred and eighty one of the Acts of the year eighteen hundred and eighty-seven are hereby repealed.

The new law, in repealing Chapter 178 of the Laws of 1885, repealed a special Act limiting the indebtedness of the City of Boston to 2 per cent of the assessed valuation, etc, etc. Boston consequently is now subject to Section 2, Chapter 312, Laws of 1885 (Sec. 3, Chap. 27 of the 1902 edition Revised Statutes), which places the debt limitation at 2½ per cent of the average assessors' valuations of the taxable property for the preceding three years. Reference to this section of the Revised Statutes will be found in debt limitations for State of Masschusetts.

The foregoing limitation is of course exclusive of debts created for water supply, and further exceptions have been made from year to year by different legislatures, authorizing bonds outside of the debt limit for various purposes, especially enumerated.

It is proper to state that under Chapter 93, Acts of 1891, the city is authorized to *anticipate* its authority to borrow money within its debt limit for any current municipal year.

STATE AND MUNICIPAL INDEBTEDNESS LIMITATIONS.—Under Section 13, Article IV., of the State Constitution, the General Assembly has no power to incur State debt to an amount exceeding $50,000 without the consent of the people, except in time of war or of insurrection or invasion. In no case is the Assembly to pledge the faith of the State for the payment of obligations of others without the approval of the people. In reference to city debts, there is nothing in the Constitution of Rhode Island limiting the amount of such obligations. The following, however, are two sections taken from Title 7, Chapter 36 (page 157) of the Revised Statutes of the State of 1896. Since 1878 these provisions have been in force, and consequently 3 per cent of the taxable property has been the limit of the power of each town (which includes city) to create debt.

SECTION 20. "The outstanding notes, bonds and contracts of towns shall be paid and be fulfilled according to the tenor thereof, and all public works now authorized to be prosecuted shall be prosecuted, and all indebtedness now authorized to be incurred on account thereof may be incurred according to the tenor of the authority therefor.

SECTION 21. No town shall, *without special statutory authority therefor*, incur any debt in excess of three per centum of the taxable property of such town, including the indebtedness of such town on the tenth day of April, one thousand eight hundred seventy-eight, but the giving of a new note or bond, for a pre-existing debt, or for money borrowed and applied to the payment of such pre-existing debt, is excepted from the provisions of this section, and the amount of any sinking fund shall be deducted in computing such indebtedness."

SAVINGS BANK INVESTMENTS AND RESTRICTIONS.—In the Revised Statutes of Rhode Island (which were revised in 1896)-Sections 54, 55, 56, etc., of Chapter 178, Title 19 (on page 548), will be found the provisions of law with reference to Savings Bank Investments. Section 54, which recites in detail the stocks, bonds, etc., these institutions are allowed to put their money in is as follows:

SECTION 54. Institutions for savings shall invest their receipts—
(1) In public stocks or bonds of any State or of the United States,
(2) Or in any bank stock, or in notes or bonds of any town or city,
(3) Or in notes of any school district or fire district in any New England State,
(4) Or in such corporate stocks or bonds as they may deem safe and secure,
(5) Or they may discount notes, bonds or drafts of individuals or corporations, with two other responsible endorsers, sureties or guarantors,
(6) Or the notes, bonds or drafts of individuals or corporations secured by the public notes, stocks or bonds of any State of the United States, or of any town or city or of any school district or fire district in any New England State, or by the stock or bonds of any corporation which may be deemed to be safe, or by mortgage on real estate.

Concerning Sections 55 and 56, the first appears to give savings institutions quite extensive powers as to making and keeping deposits in commercial banks. When so kept, however, they are to be kept "payable on demand whether drawing interest or not." The two sections are subjoined.

SECTION 55.—No such institution shall have an amount exceeding one-half of its receipts invested in notes, bonds or drafts of individuals or corporations, unless secured by some public notes, bonds or stocks as aforesaid, or by mortgage on real estate; but the preceding section shall not be so construed as to forbid any such institution from placing and holding on deposit in any bank such reasonable amount of their receipts as is customary and they may deem proper, payable on demand, whether drawing interest or not.

SECTION 56.—No money shall be loaned by any institution for savings to any trustee, director or other officer of such institution.

For the other provisions of the law as they now are we would refer our readers to the Revised Statutes of 1896.

Under Chapter 106, as amended by Chapter 165, Laws of 1901, the State collects the tax on every bank, national banking association, trust, insurance, investment and bridge companies whose stock is not exempt from taxation, and remits the amount so collected to the various city and town treasurers. As the value of such stocks was included in the grand list of each town heretofore this will explain the apparent reduction in values in the 1901 returns.

PROPOSED NEW CONSTITUTION DEFEATED.—After a Constitutional Convention occupying over four months, the document drafted by that body was defeated at a popular election on June 16, '02.

DEBT LIMITATION.—The Constitution of Connecticut contains but a single provision restricting the debt-making power. The provision is Article 25, adopted as an amendment in 1877, and is as follows:

No County, City, Town, Borough or other Municipality, shall ever subscribe to the capital stock of any railroad corporation, or become the purchaser of the bonds, or make donation to, or loan its credit in aid of, any such corporation; but nothing herein contained shall affect the validity of any bonds or debts incurred under existing laws, nor be construed to prohibit the General Assembly from authorizing any Town or City to protect by additional appropiations of money or credit any railroad debt contracted prior to the adoption of this amendment.

The foregoing is explicit and comprehensive, covering every municipality. There are no general restrictions in the Revised Statutes; whatever restrictions have been made from time to time are contained in enabling acts and in city charters.

As to towns, we notice that there is a general law granting them unlimited power to issue bonds. According to section 140, chapter 23 of the Revised Statutes, "when any town shall have made appropriations "or incurred debts, or shall hereafter make appropriations or incur "debts exceeding ten thousand dollars, it may issue bonds, either regis- "tered or with coupons attached, or other obligations, payable at such "times and at such annual rate of interest not exceeding 6 per cent, "payable annually or semi-annually, as it shall determine," &c. Cities have had no such general authority conferred upon them.

Exemption from Taxation has been accorded by general statute to certain bonds issued by cities and towns to aid in the construction of railroads; and this exemption has been extended to new bonds issued for the purpose of redeeming or providing a fund to redeem the railroad aid bonds above referred to. This exemption is found in Section 3,820, Chapter 241 of the Revised Statutes (last clause of Section), and the bonds there named are those "issued by any town or city in aid of the "construction of the railroads of the Connecticut Western Railroad "Company, the New Haven Middletown & Willimantic Railroad Com- "pany, the Shepaug Valley Railroad Company, the Connecticut Valley "Railroad Co., the Connecticut Central Railroad Company, or either of "them." All railroads which are in whole or in part in the State are taxed by the State under Section 3920, Chapter 244 of the Revised Statutes, so that the tax on these bonds is paid by the railroads.

Exemption from tax of new bonds issued to redeem or to provide a fund to redeem the railroad aid bonds, or to redeem or to provide a fund to redeem any reissue of the same, is conferred fully by an act approved June 19, 1889, and found in the "Public Acts" for that year.

POPULATION OF STATE.—Population has been as follows:

SAVINGS BANKS INVESTMENTS—PRIVILEGES AND RESTRICTIONS.—At the session in 1899 material changes were made in the provisions regulating the investment of the deposits of the savings banks of Connecticut, and at the session in 1901 the scope of such investments was still further enlarged. We give below the law as it is found in sections 3,428 and 3,429, General Statistics of Connecticut, Revision of 1902. We indicate by means of a black-faced bracket [ ] the parts of the law which were added by the Act of 1901.

Section 3,428—*Investments by Savings Banks.*—Savings banks may invest their deposits and surplus as follows:

(1) Not exceeding twenty per cent thereof in notes secured by the pledge of stocks or bonds as collateral, *provided*, such stocks or bonds shall have paid dividends or interest of not less than three per cent per annum during the two years next preceding that in which the respective loan is made; or by the pledge of any stocks, bonds, or other obligations which, under the provisions of this section, can be purchased by savings banks;

(2) Not exceeding twenty per cent thereof in notes, each of which shall be the joint and several obligation of two or more parties, all residents of this State;

(3) In the bonds of the United States, the District of Columbia, any of the New England States, or any of the States of New York, New Jersey, Pennsylvania, Delaware, Maryland, Ohio, Kentucky, Michigan, Indiana, Illinois, Iowa, Wisconsin, Minnesota, Missouri, Nebraska, Kansas, California, Colorado, and Oregon;

(4) In the bonds of any city in the New England States, or in the State of New York, of Newark, Paterson, and Trenton in the State of New Jersey, of Philadelphia in the State of Pennsylvania, of Cincinnati, Cleveland, Columbus, Dayton, and Toledo in the State of Ohio; of Louisville in the State of Kentucky, of Detroit in the State of Michigan, of Chicago in the State of Illinois, of Milwaukee in the State of Wisconsin, of St. Louis in the State of Missouri, of Omaha in the State of Nebraska;

(5) In the obligations of any of the counties, towns, cities, boroughs, and school districts in this State;

(6) In the capital stock of any bank or trust company located in this State, or in the city of New York in the State of New York, or in Boston in the State of Massachusetts;

(7) In the bonds of any other incorporated city located in any of the States mentioned in this section having not less than twenty thousand inhabitants, as ascertained by the United States or State Census, or any municipal census taken by authority of the State, next preceding such investment; *provided*, the amount of the bonds of such city, including the issue in which such investment is made, and its proportion, based on the valuations contained in the assessment for taxation next preceding such investment, of the county and town debt, after deducting the amount of its water debt and the negotiable securities in the sinking funds which are available for payment of its bonds, does not exceed seven per cent of the valuation of property in such city as assessed for taxation next preceding such investment; *and provided, further*, that the State or city issuing such bonds has not defaulted payment of any of its funded indebtedness or interest thereon within fifteen years next preceding the purchase of such bonds by the savings bank; but this section shall not be held to authorize the investment of any funds in any "special assessment bonds" or "improvement bonds," so called, which are not direct and primary obligations of the city issuing the same;

(8) In the bonds of any railroad company organized under the laws of any of the States mentioned in this section, and which bonds are secured by a first mortgage as the only mortgage security given by such railroad company upon some portion of the railroad owned by it, or given by a railroad company, a majority of the capital stock in which is owned by the railroad company issuing such bonds, upon some portion of the railroad owned by it but leased or operated by the railroad company issuing such bonds, and which portion of such railroad in either case shall be located wholly or in part in one or more

of the States mentioned in this section, *provided* the entire railroad of such company is located wholly within the United States; in the consolidated bonds of any railroad company incorporated by this State and authorized to issue such bonds to retire the entire funded debt of such company; *provided*, that in every case such company shall have paid each year, for a period of not less than five years next previous to such investment, in addition to the interest on its funded indebtedness, dividends of not less than four per cent per annum upon its entire capital stock outstanding; and *provided further*, that said outstanding capital stock at the time of such investment equals or exceeds in amount one-third of the entire outstanding issue of such bonds;

and in the mortgage bonds hitherto issued which such consolidated or general mortgage bonds are to retire at maturity; *provided*, that at no time within five years next preceding the date of such investment [in such general or consolidated mortgage bonds issued by any of the railroad corporations last named] shall such railroad corporation have failed to pay regularly and punctually the principal, at maturity or as extended, and interest on all its mortgage indebtedness, and, in addition thereto, dividends upon all its outstanding capital stock during the preceding five years; and *provided further*, that at the date of every such dividend the outstanding capital stock of such railroad corporation shall have been equal to at least one-third of the total mortgage indebtedness of such railroad corporation, including all bonds issued or to be issued under any mortgage securing any bonds in which such investment shall be made. [No bond of any railroad corporation named in this section shall be a legal investment for a savings bank when such corporation, or the system of which it is a part, shall fail to pay dividends on all of its capital stock; and] this section shall not be held to authorize any investment in the bonds of any corporation operating its railroad exclusively by any means other than steam as a motive power, or in the bonds of any street railway company.

All other investments shall consist of deposits in incorporated banks or trust companies located in this State, or in the States of New York, Massachusetts, or Rhode Island, or of loans secured by mortgage on unincumbered real estate situated in this State (except as provided in §3429) [see section below], worth double the amount of the loan secured thereon.

SECTION 3429—*When Mortgages May be Made in Adjoining States.*—Any savings bank in the towns of Putnam, Brooklyn, and Killingly may loan on land located in the County of Providence in the State of Rhode Island; any savings bank in the town of Ridgefield may loan on land located in the County of Westchester in the State of New York; any savings bank in the town of Enfield or in the town of Stafford may loan on land located in the County of Hampden in the State of Massachusetts; and any savings bank in the town of Stonington may loan on land located in the County of Washington in the State of Rhode Island.

The subjoined sections, 3431, 3432, 3433 and 3434, provide certain *restrictions* with reference to loans—section 3431 restricting loans on Mortgage Security to Manufacturing Corporations and Ecclesiastical Societies; section 3432 restricting amount of loans to one party on personal security; section 3433 forbidding loans on single names.

SECTION 3431—*Loans to Corporations and Societies Regulated.*—No loan shall be made by any savings bank to any corporation or association or ecclesiastical society, secured by mortgage upon its property, unless the same shall be accompanied by the individual guaranty of some responsible party or parties, or by other collateral security of value equal to the amount of the sum loaned. The directors or trustees of any such bank consenting to any loan contrary to the provisions of this section shall be held individually responsible for any loss to the full extent of such loan.

SECTION 3432—*Loans Restricted.*—No savings bank having more than twenty-five thousand dollars of deposits, shall loan on personal security to any one person, company, or interest, more than three per cent of its deposits at the time of making such loan.

SECTION 3433—*Obligations of One Person or Firm Not to be Taken.*—No savings bank shall buy, or lend any money upon, any obligation on which only one person or firm shall be holden, without taking additional security for the same equivalent to the guaranty or indorsement of some other responsible party.

Besides the ordinary safeguards which are in all savings bank laws, there is one of no little importance that ought to aid materially in preventing incautious loans. We refer to the provision below.

SECTION 3434—*Record of Names of Directors Consenting to Loans.*—When any loan or investment is made by any savings bank, the names of the directors or trustees consenting thereto shall be entered upon the records of such bank, and said record shall be open at all times to the inspection of the corporators and auditors of such bank and the Bank Commissioners, and be *prima facie* evidence of the truth of the statements therein contained.

TRUST FUNDS—HOW LOANED OR INVESTED—We find in Section 254 of Chapter 22 of the Revised Statutes the following liberal provisions providing that trust funds may be loaned or invested in the same securities savings banks are authorized to invest in.

SEC. 495.—Trust funds, unless it is otherwise provided in the instrument creating the trust, may be loaned on the security of mortgages on unencumbered real estate in this State, double in value the amount loaned, or may be invested in such mortgages or in the bonds or loans of this State, or of any town, city, or borough of this State, or in any bonds, stocks, or other securities which the savings banks in this State are or may be authorized by law to invest in, or may be deposited in savings banks incorporated by this State.

CITIES, COUNTIES AND TOWNS IN THE STATE OF CONNECTICUT.

NOTE.—*For debts of minor civil divisions not found among the statements given below, see "Additional Statements" at the end of this State.*

The relation which the towns, cities and boroughs of this State bear to one another is peculiar, and requires a word of explanation. The State is divided into eight counties, and these counties are made up of towns, numbering in the aggregate 168. The towns are the civil unit, and on the assessed valuation (which is called the "Grand List of each town") is levied the tax for State purposes as well as the tax for town expenditures. Within the town is often situated a city or a borough, or both, all of which may at the same time have bonds outstanding. There are ten cities, each with one exception bearing the same name as the town in which it lies. Of late several towns and cities whose limits were about identical have been consolidated and the outstanding bonds of both town and city are reported together without distinction. This is the case with the city and town of Hartford, which previous to April, 1896, reported their debts separately. The city and town of New London have been consolidated and also Bridgeport city and town. On December 7, 1897, city, town and school district of New Haven were likewise consolidated.

The borough stands in about the same relation to the town as does the city. The grand list as determined for the town is used by both the city and the borough in levying taxes, the city, for instance, putting a tax of its own on its share of the total grand list of the town. This tax is additional to the town tax. In some instances the schools are in the charge of school districts, which also are empowered to issue bonds and to levy a tax, so that to cover the total tax paid by a city it is necessary to take into account the State, town, city and school district levies. In the statements which follow we give under one heading the town and city, wherever they bear the same name, for though distinct corporations, their debts are to a greater or less extent the debts of a single community.

AGGREGATE MUNICIPAL INDEBTEDNESS.

The total indebtedness of all the towns, cities, boroughs and counties in the State was in 1900 $27,624,827 42. In the following table we show the funded indebtedness, the floating debt and the total indebtedness of all the civil divisions of the State at quadrennial periods:

Legislature meets annually the first Wednesday in January, and length of sessions is not limited.

HISTORY OF DEBT.—The historical details of New York's State debt from 1817 to 1894 will be found in the STATE AND CITY SUPPLEMENT of April, 1894, page 41.

During a period of eleven years ending in 1893 the State debt was paid at the average of $1,000,000 per year, and practically wiped out.

At the November election in 1895 the proposition to issue bonds of the State to the amount of $9,000,000, for the purpose of enlarging and improving the Erie Canal, the Champlain Canal, and the Oswego Canal, was submitted to the voters and carried. These bonds were all issued, but nearly $500,000 have been paid off from the proceeds of the tax levied for a sinking fund, leaving outstanding March 1, 1903, $8,500,660, which, with the $165,000 Comptroller's Certificates, $400,000 Adirondack Park Bonds and $700,000 Defense Bonds, a total of $9,765,660, constituted the State's indebtedness on March 1, 1903. The sinking fund on Sept. 30, 1902, was $2,545,115 61.

DEBT LIMITATION—STATE.—The new Constitution has in some measure modified the provisions of the fundamental law restricting the power of the Legislature over the issue of debt, &c. These provisions are found in Article 7. We give the sections of that article (Article 7) below which have reference to the subject.

State credit not to be given.—SECTION 1. The credit of the State shall not in any manner be given or loaned to or in aid of any individual, association or corporation.

State debts, power to contract.—SEC. 2. The State may, to meet casual deficits or failures in revenues, or for expenses not provided for, contract debts; but such debts, direct or contingent, singly or in the aggregate, shall not at any time exceed one million of dollars; and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained, or to repay the debt so contracted, and to no other purpose whatever.

State debts to repel invasions.—SEC. 3. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection, or defend the State in war; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

Limitation of legislative power to create debts.—SEC. 4. Except the debts specified in sections two and three of this article, no debts shall be hereafter contracted by or on behalf of this State, unless such debt shall be authorized by a law, for some single work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax to pay, and sufficient to pay, the interest on such debt as it falls due, and also to pay and discharge the principal of such debt within eighteen years from the time of the contracting thereof. No such law shall take effect until it shall, at a general election, have been submitted to the people, and have received a majority of all the votes cast for and against it at such election. On the final passage of such bill in either house of the Legislature, the question shall be taken by ayes and noes, to be duly entered on the journals thereof, and shall be: "Shall this bill pass, and ought the same to receive the sanction of the people?" The Legislature may at any time, after the approval of such law by the people, if no debt shall have been contracted in pursuance thereof, repeal the same; and may at any time, by law, forbid the contracting of any further debt or liability under such law; but the tax imposed by such act, in proportion to the debt and liability which may have been contracted, in pursuance of such law, shall remain in force and be irrepealable, and be annually collected, until the proceeds thereof shall have made the provision hereinbefore specified to pay and discharge the interest and principal of such debt and liability. The money arising from any loan or stock creating such debt or liability, shall be applied to the work or object specified in the act authorizing such debt or liability, or for the repayment of such debt or liability and for no other purpose whatever. No such law shall be submitted to be voted on, within three months after its passage, or at any general election when any other law, or any bill, or any amendment to the Constitution, shall be submitted to be voted for or against.

Sinking Fund, how kept and invested.—SEC. 5. The sinking funds provided for the payment of interest and the extinguishment of the principal of the debts of the State shall be separately kept and safely invested, and neither of them shall be appropriated or used in any manner other than for the specific purpose for which it shall have been provided.

DEBT LIMITATION.—CITIES, COUNTIES, TOWNS AND VILLAGES.—The new Constitution of New York State puts a general and uniform limit to the power of all counties and cities of the State to contract and put out their obligations, leaving to the Legislature to fix the debt-making power of villages and towns only. These provisions are found in Article 8, Section 10. We give that section in full. The separation into paragraphs and the figures in parenthesis which number and begin the paragraphs are our own, we having inserted them so that those who need to refer to or use any particular portion can the more readily find the part desired. With that exception we give Section 10 of Article 8 as it reads, preserving even the punctuation.

(1) No county, city, town or village shall hereafter give any money or property, or loan its money or credit to or in aid of any individual, association or corporation, or become directly or indirectly the owner of stock in, or bonds of, any association or corporation; nor shall any such county, city, town or village be allowed to incur any indebtedness except for county, city, town or village purposes. This section shall not prevent such county, city, town or village from making such provision for the aid or support of its poor as may be authorized by law.

(2) No county or city shall be allowed to become indebted for any purpose or in any manner to an amount which, including existing indebtedness, shall exceed ten per centum of the assessed valuation of the real estate of such county or city subject to taxation, as it appeared by the assessment rolls of said county or city on the last assessment for

State or county taxes prior to the incurring of such indebtedness; and all indebtedness in excess of such limitation, except such as may now exist, shall be absolutely void, except as herein otherwise provided.

(3) No county or city whose present indebtedness exceeds ten per centum of the assessed valuation of its real estate subject to taxation, shall be allowed to become indebted in any further amount until such indebtedness shall be reduced within such limit.

(4) This section shall not be construed to prevent the issuing of certificates of indebtedness or revenue bonds issued in anticipation of the collection of taxes for amounts actually contained, or to be contained in the taxes for the year when such certificates or revenue bonds are issued and payable out of such taxes.

(5) Nor shall this section be construed to prevent the issue of bonds to provide for the supply of water; but the term of the bonds issued to provide the supply of water shall not exceed twenty years, and a sinking fund shall be created on the issuing of the said bonds for their redemption, by raising annually a sum which will produce an amount equal to the sum of the principal and interest of said bonds at their maturity.

(6) All certificates of indebtedness or revenue bonds issued in anticipation of the collection of taxes, which are not retired within five years after their date of issue, and bonds issued to provide for the supply of water, and any debt hereafter incurred by any portion or part of a city, if there shall be any such debt, shall be included in ascertaining the power of the city to become otherwise indebted.

(7) Whenever hereafter the boundaries of any city shall become the same as those of a county, the power of the county to become indebted shall cease, but the debt of the county at that time existing shall not be included as part of the city debt. [At the November 1899 election an amendment to the Constitution was adopted changing this paragraph to read as follows: Whenever the boundaries of any city are the same as those of a county, or when any city shall include within its boundaries more than one county, the power of any county wholly included within such city to become indebted shall cease, but the debt of the county heretofore existing shall not, for the purposes of this section, be reckoned as a part of the city debt.]

(8) The amount hereafter to be raised by tax for county or city purposes, in any county containing a city of over one hundred thousand inhabitants, or any such city of this State, in addition to providing for the principal and interest of existing debt, shall not in the aggregate exceed in any one year two per centum of the assessed valuation of the real and personal estate of such county or city, to be ascertained as prescribed in this section in respect to county or city debt.

In May 1886 the New York Court of Appeals decided at the end of a litigation begun in July 1885 *that the sinking fund was not a part* of the city debt within the meaning of the above provision of the Constitution limiting the creation of debt to 10 per cent of the assessed valuation of the real estate.

Towns and Villages are not limited in their debt-making power by the Constitution. Those municipalities will be governed by general or special statutes.

The 1895 Legislature passed an act "for the protection of bona fide purchasers and holders of coupon bonds and of municipal corporations against misfeasance, malfeasance or negligence of public officers." The full text of this law was published in the CHRONICLE of June 8, 1895, V. 60, p. 1023.

EXEMPTION FROM TAXATION.—In the Tax Law as given in Birdseye's Revised Statutes for 1901 (Section 4, Sub-division 6,) there is a general provision exempting from taxation "Bonds of this State to be hereafter issued by the Comptroller to carry out the provisions of chapter seventy-nine of the laws of eighteen hundred and ninety-five" [the Canal Law] and "bonds of a municipal corporation heretofore issued for the purpose of paying up or retiring the bonded indebtedness of such corporation." It will be seen that the reference is to municipal bonds *heretofore* issued, &c. In section 7, however, of the "general municipal law there is also a tax-exempting clause, but one much broader in its scope, as it seems to apply to the funding of any bonds heretofore or hereafter put out.

In the case of New York City the existing provision of law governing the matter will be found in the revised City Charter which went into effect Jan. 1, 1902. This provides that "such corporate stock and all assessment bonds and revenue bonds, as well as all bonds hereafter to be issued by the City of New York by virtue of this Act or of any other Act, whether general or special, shall be free and exempt from all taxation, except for State purposes—Section 169, Title 2.

It remains to add that under special laws some New York City bonds are exempt from *all* taxes, including those for State purposes. Such is the case as regards the public-library bonds (Bryant Park) authorized by Chapter 627, Laws of 1900.

SAVINGS BANK INVESTMENTS—POWERS AND RESTRICTIONS.—In 1898 the New York Legislature passed an amendment to paragraph 6, Sec. 116, of the Savings Bank law of 1892. The amendment extended investments of savings banks to first mortgage railroad bonds the principal part of whose railroad is located within this State, and in 1899 the field of railroad investments was still further enlarged. In 1900 the Chicago & Alton RR. was added to the list and other changes made in paragraph 6. In 1902 paragraph 6 was again amended by adding the bonds of certain other railroad corporations, as was also paragraph 5 by adding the city of Los Angeles, Cal. Further amendments are proposed at the present (1903) session of the Legislature. One of these adds the Chicago St. Paul Minneapolis & Omaha Railway bonds to the list of legal investments, while another amends subdivision 4 so as to permit investments in "interest-bearing obligations" of towns and villages in addition to cities and counties. Neither of these measures had become a law at the time of going to press.

We give section 116 below as it stands after these various amendments. The changes and additions made by the 1902 enactments we indicate by means of brackets [ ].

Sec. 116. *In what securities deposits may be invested.*—The trustees of any savings banks may invest the moneys deposited therein and the income derived therefrom only as follows:

1. In the stocks or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interest and principal, including the bonds of the District of Columbia.

2. In the stocks or bonds or interest-bearing obligations of this State, issued pursuant to the authority of any law of the State.

3. In the stocks or bonds or interest-bearing obligations of any State of the United States which has not within ten years previous to making such investment by such corporation defaulted in the payment of any part of either principal or interest of any debt authorized by the legislature of any such State to be contracted; and in the bonds or interest-bearing obligations of any State of the United States, issued in pursuance of the authority of the legislature of such State, which have, prior to the passage of this act, been issued for the funding or settlement of any previous obligation of such State theretofore in default, and on which said funding or settlement obligation there has been no default in the payment of either principal or interest since the issuance of such funded or settlement obligation, and provided the interest on such funded or settlement obligations has been paid regularly for a period of not less than ten years next preceding such investment.

4. In the stocks or bonds of any city, county, town or village, school district bonds and union free school district bonds issued for school purposes, or in the interest-bearing obligations of any city or county of this State, issued pursuant to the authority of any law of the State for the payment of which the faith and credit of the municipality issuing them are pledged.

5. In the stocks or bonds of the following cities: Boston, Worcester, Cambridge, Lowell, Fall River, Springfield and Holyoke, in the State of Massachusetts; St. Louis, in the State of Missouri; Cleveland, Cincinnati and Toledo, in the State of Ohio; Detroit and Grand Rapids, in the State of Michigan; Providence, in the State of Rhode Island; New Haven and Hartford, in the State of Connecticut; Portland, in the State of Maine; Philadelphia, Pittsburgh, Alleghany, Reading and Scranton, in the State of Pennsylvania; Minneapolis and St. Paul, in the State of Minnesota; Des Moines, in the State of Iowa; Milwaukee, in the State of Wisconsin; Louisville, in Kentucky; Paterson, Trenton, Newark and Camden, in New Jersey; Baltimore, in Maryland; [Los Angeles in the State of California.] If at any time the indebtedness of any of said cities, less its water debt and sinking fund, shall exceed seven per centum of its valuation for purposes of taxation, its bonds and stocks shall thereafter, and until such indebtedness shall be reduced to seven per centum of the valuation for the purposes of taxation, cease to be an authorized investment for the moneys of savings banks, but the Superintendent of the Banking Department may, in his discretion, require any savings bank to sell such bonds or stocks of said city as may have been purchased prior to said increase of debt.

6. In bonds and mortgages on unincumbered real property situated in this State [to the extent of sixty per centum of the value thereof] (previously 50 per cent was the limit). Not more than sixty-five per centum of the whole amount of deposits shall be so loaned or invested. If the loan is on unimproved and unproductive real property, the amount loaned thereon shall not be more than forty per centum of its actual value. No investment in any bonds and mortgages shall be made by any savings bank except upon the report of a committee of its trustees charged with the duty of investigating the same, who shall certify to the value of the premises mortgaged or to be mortgaged, according to their best judgment, and such report shall be filed and preserved among the records of the corporation.

[Also in the following securities:]

(a) The first mortgage bonds of any railroad corporation of this State, the principal part of whose railroad is located within this State, or of any railroad corporation of this [or] any other State or States connecting with and controlled and operated as part of the system of any such railroad corporation of this State, and of which connecting railroad at least a majority of its capital stock is owned by such a railroad corporation of this State or in the mortgage bonds of any such railroad corporation of an issue to retire all prior mortgage debt of such railroad companies respectively; provided that at no time within five years next preceding the date of any such investment shall such railroad corporation of this State or such connecting railroad corporation respectively have failed regularly and punctually to pay the principal and interest of all its mortgage indebtedness, and in addition thereto regularly and punctually to have paid dividends upon all its outstanding capital stock during the preceding five years, at the rate of not less than four per centum per annum; and provided, further, that at the date of every such dividend the outstanding capital stock of such railroad corporation, or such connecting railroad company respectively shall have been equal to at least one-half of the total mortgage indebtedness of such railroad corporations respectively, including all bonds issued or to be issued under any mortgage securing any bond in which such investment shall be made.

(b) The mortgage bonds of the following railroad corporations: The Chicago & North Western RR. Co., Chicago Burlington & Quincy RR Co., Michigan Central RR. Co., Illinois Central RR. Co., Pennsylvania RR. Co., Delaware & Hudson Canal Co., Delaware Lackawanna & Western RR. Co., New York New Haven & Hartford RR. Co., Boston & Maine RR. Co., Maine Central RR. Co., the Chicago & Alton RR. Co. [Morris & Essex Railroad Co., Central Railroad of New Jersey, United New Jersey Railroad & Canal Company, also in the mortgage bonds of railroad companies whose lines are leased or operated or controlled by any railroad company specified in this paragraph if said bonds be guaranteed both as to principal and interest by the railroad company to which said lines are leased or by which they are operated or controlled.] Provided that at the time of making [any] investment [authorized by this paragraph] the said railroad [corporations issuing such bonds] shall have earned and paid regular dividends of not less than four per centum per annum in cash on all their issues of capital stock for the ten years next preceding such investment, and provided the capital stock of any of said railroad corporations shall equal or exceed in amount one-third of the par value of all its bonded indebtedness; and further provided that all bonds authorized for investment [by this sub-division] shall be secured by a mortgage which is a first mortgage on either the whole or some part of the railroad and railroad property [of the company issuing such bonds, or,] that such bonds shall be mortgage bonds of an issue to retire all prior mortgage debts of such railroad company.

(c) [The mortgage bonds of the Chicago Milwaukee & St. Paul Railway Co., and the Chicago Rock Island & Pacific Railway Co., so long as they shall continue to earn and pay at least four per centum dividends per annum on their outstanding capital stock, and provided their capital stock shall equal or exceed in amount one-third of the par value of all their bonded indebtedness, and further provided that all bonds of either of said companies hereby authorized for investment shall be secured by a mortgage which is a first mortgage on either the whole or some part of the railroad or railroad property actually in the possession of and operated by said company, or that such bonds shall be mortgage bonds of an issue to retire all prior debts of said railroad company.]

(d) The first mortgage bonds of the Fonda Johnstown & Gloversville RR. Co., or in the mortgage bonds of said railroad company of an issue to retire all prior mortgage debts of said railroad company, and provided the capital stock of said railroad company shall equal or exceed in amount one-third of the par value of all its bonded indebtedness, and provided, also that such railroad be of standard gauge of four feet eight and one-half inches. Not more than [twenty-five] (previously twenty) per centum of the deposits of any bank shall be loaned or invested in railroad bonds, and not more than [ten] (previously five) per centum of the deposits of any bank shall be invested in the bonds of any one railroad [corporation described in paragraph "a" of this sub-division, and not more than five per centum of such deposits in the bonds of any other railroad corporation.] Street railroad corporations shall not be considered railroad corporations within the meaning of this subdivision.

[Under date of June 10, 1899, F. D. Kilburn, Superintendent of the State Banking Department, issued a circular naming the bonds in which savings banks might invest under the amendment of 1899. For list of, such bonds see CHRONICLE, V. 68, p. 1111. The opinion of Attorney General J. C. Davies, declaring the refunding bonds of the Chicago & Alton RR. Co. a legal investment for savings banks, will be found in full in the CHRONICLE V. 70, p. 1260.]

7. In real property subject to the provisions of the next section.

It will be noted that subdivision 7 (the last paragraph of the above) refers to the "next section" for the provisions applicable. This reference is to section 117 of the law of 1892; we omit that section as it relates only to real estate. Sections 118, 119 and 120 of the law of 1892 (the first-mentioned section as amended in 1901) we subjoin.

SECTION 118. The trustees of every such corporation shall as soon as practicable invest the moneys deposited with them in the securities authorized by this article; but for the purpose of meeting current payments and expenses in excess of the receipts, there may be kept an available fund not exceeding ten per centum of the whole amount of deposits with such corporation, on hand or deposit in any bank in this

State organized under any law of this State or of the United States, or with any trust company incorporated by any law of the State; but the sum so deposited in any one bank or trust company shall not exceed twenty-five per centum of the paid-up capital and surplus of any such bank or company; or such available fund, or any part thereof, may be loaned upon pledge of the securities or any of them named in subdivisions one, two, three, four and five of the preceding section but one, or upon the first mortgage bonds, or any of them, of the railroads mentioned and described in sub-division six of said preceding section but one, but not in excess of ninety per centum of the cash market value of such securities so pledged. Should any of the securities so held in pledge depreciate in value, after making any loan thereon, the trustees shall require the immediate payment of such loan or of a part thereof, or additional security therefor, so that the amount loaned shall at no time exceed 90% of the market value of the securities pledged for the same.

SECTION 119. Every such corporation may also deposit temporarily in the banks or trust companies specified in the last section the excess of current daily receipts over the payments, until such time as the same can be judiciously invested in the securities required by this article. Whenever it shall appear to the superintendent of banks that the trustees of any such corporation are violating the spirit and intent of this provision by keeping permanently uninvested all or an undue proportion of the moneys received by them, he shall report the facts to the Attorney-General, who shall proceed against such corporation in the manner provided in section eighty-two of this chapter.

SECTION 120. The trustees of any savings bank shall not loan the moneys deposited with them or any part thereof, upon notes, bills of exchange, drafts or any other personal securities whatever. In all cases of loans upon real property, a sufficient bond secured by a mortgage thereon, shall be required of the borrower, and all the expenses of searchers,* examinations and certificates of title or appraisal of value, and of drawing, perfecting and recording papers, shall be paid by the borrower.

TRUST FUNDS—*How Loaned or Invested.*—Chapter 295, Laws of 1902, approved April 2, permits executors, administrators, guardians, etc., to invest in the same securities as savings banks. We quote the provision below:

INVESTMENT OF TRUST FUNDS—An executor, administrator, guardian, trustee or other person holding trust funds for investment may invest the same in the same kind of securities as those in which savings banks of this State are by law authorized to invest the money deposited therein, and the income derived therefrom, and in bonds and mortgages on unincumbered real property in this State worth fifty per centum more than the amount loaned thereon.

POPULATION OF STATE.—New York ranks first in population among the States of the Union. The following gives the U. S. Census figures:

HEMPSTEAD.—W. LUTHER WEEKS, Town Clk.

Hempstead is now a town in Nassau County, but was formerly a town in Queens Co., then including Far Rockaway, Hempstead, Inwood, Lawrence, Rockaway Beach and Seaford villages. On Jan. 1, 1898, that portion of the town lying "westerly of a straight line drawn from the southeasterly point of the town of Flushing through the middle of the channel between Rockaway Beach and Shelter Island, in the county of Queens, to the Atlantic Ocean," became part of New York City, under the Greater New York Charter. This boundary was changed by the Legislature in April, 1899, and the new boundary is that portion of the old town of Hempstead "bounded on the east and north by the east and north bounds of the former village of Far Rockaway, and on the east by a line drawn due north from the northwest corner of said village to the south line of the town of Jamaica, as it existed on the thirty-first day of December, 1897." The bonds given below are those remaining as a debt against the town after assigning to New York City the portion belonging to it according to a decision of the Supreme Court of the Third Judicial District at Albany Dec. 9, 1899. See V. 69, p. 1357.
